Homework and Quizzes

Homework will be submitted using the WebAssign software and will count for a significant portion of the grade. There will be homework quizzes throughout the semester. The homework quiz will consist of one problem from the homework assigned the previous class.

Evaluation Criteria and Grading Scale

The grade for this course will be derived from three tests, quizzes and a final. There will be no make-up tests. The final exam grade will be substituted for the lowest test grade if it improves your average.

- 80 – 89 = B  
- 70 – 79 = C  
- 60 – 69 = D  
- 0 – 59 = F

Note: I do not curve grades. I do not “give” grades. You earn what you get, so plan to work accordingly.
