Fall activities discussed: The weather is being crazy already, so please be aware the trip may get cancelled and students will receive a refund if we do. All are asked to bring in some activities for the Spring semester. 2 students volunteered to do popcorn for November's meeting. The first movie night was successful but the Slender Man in October was not received well. Students recommend we stick to kid friendly things that the students can bring their children or siblings to in the future.

The club bought pizza and the meeting was held at the mall to encourage different/ more student attendance.

Next meeting:

Our next meeting is scheduled for February and we will announce the day at the beginning of the semester via e-mail.
