**Minutes:**

- Fine Arts Club met to establish field trips/ activities: Nothing is settled for the spring due to students not having work schedules or definite class schedules. At our first meeting in February, we will start planning trips once everyone knows what times they are free.

**No formal Business was discussed:** This meeting was more of a social than anything. We ate and drank and talked about our holiday plans

**Refreshments and food:** Students had pot luck. Everyone brought simple food and the club provided the drinks.

**Summary:**

We did set up the date for our first meeting in the Spring. February 13.
