### Minutes

- Iota Iota met on the grand campus of New River Community College in Dublin. VA. The meeting started at 3 PM and concluded shortly after 5 PM
- Formal business was discussed and reviewed as well as policy and procedure.
- Refreshments were served thanks to SACS and Taylor winning the pumpkin contest. We enjoyed chicken, wedges and other sides from Wades and the club provided the drinks.
- A new group of initiates were brought into the club and they all began designing and painting arrow signs to real and imagined places on campus. The signs will become a large installation made of signs that point in all four cardinal directions and give distances to both real and imagined (cities and places in fictional literature, myths and folklore) places.

### Summary:

New initiates are here and can help with next semester's initiation. Holiday cards were turned in, approximately 200 were written. We have set our Spring meeting tentatively for March 21.
