I am requesting the Financial Aid Office adjust my Federal Direct Student Loan amount. If I am fully cancelling the Fall term loan(s), I understand the lender will also cancel future disbursements and to have the loan reinstated I will need to complete additional paperwork.

I understand that my request for a loan adjustment will not be processed until the Financial Aid Office has the results of my FAFSA and have completed the verification process, if required. New River Community College will also enforce the regulation that students must maintain at least half-time enrollment in order to receive disbursements of any loan funds.

By signing this certification, I authorized the college to take the appropriate action based upon my request.
