Why Should I Review My Anticipated Financial Aid?

If you are awarded financial aid before the semester begins, your award will be based on anticipated full-time enrollment in at least 12 eligible credits. If you choose to enroll in less than 12 eligible credits, your financial aid award may be adjusted. Pending Financial Aid Last Update/Time 03/31/2023 9:41AM

Important Notes:

If your pending financial aid is less than your total charges, please pay the remaining balance by the payment deadline.

Classes that do not apply to your degree or certificate are not eligible for financial aid and are not included in the pending financial aid calculation.

Pending financial aid will not be credited to your account and reduce the “Total Due” shown on your account until it is disbursed. This typically occurs approximately 2-3 weeks after the term census date (last day to drop with a refund). If you are enrolled in any late starting course, a hold will be placed on your account preventing disbursement until census has been reached for all courses.
