INTRODUCTION

The purpose of this manual is to provide guidelines for the development and revision of courses and instructional programs at New River Community College.

The philosophical basis upon which this document is drafted encompasses the idea that faculty should be encouraged to design, implement, and evaluate courses and curricula in such a way that allows them flexibility to pursue these activities and at the same time recognizes the external and internal constraints placed on such endeavors. Moreover, it should be recognized that any development, implementation, and evaluation which takes place at the college is done in an effort to meet the needs of the students and/or the operational needs of the college. Hence, such efforts should be based upon principles which are sound educationally as well as operationally.

It should be noted that some of the procedures stated in this manual are required by external agencies. Such procedures frequently change without warning. While it is hoped that this document will remain current at all times and provide the necessary assistance to those desiring to participate in the process of curriculum development, there may be intervals in which sections of the document are in the process of revision by these external agencies. Every effort will be made to distribute the necessary changes as they occur.
## Curriculum and Instruction Committee TIMELINE

**NOTE:**

Development of new programs can and should occur throughout the academic year. Programs developed between January and August of each year will be subjected to the same review and approval process as shown on page 8. **However, the deadlines listed above must be met to insure current publication of the programs in the Catalog.**
NRCC Curriculum Review Process
(Deadlines for Catalog Publication)

Faculty submit new/revised program to appropriate dean
*Deadline: October 1*

Dean submission of new and/or revised programs to Vice President’s Office.
*Deadline: October 8*

Dean presents program to Vice President’s Staff.

Vice President’s Staff reviews program for compliance with VCCS and SCHEV guidelines.
*Meeting: October 13*

Vice President submits Vice President’s Staff recommendation to C&I Committee.
*Deadline: November 8*

C&I Committee reviews program for academic issues.

Vice President takes action based on C&I Committee’s recommendation.
*Deadline: November 16*

Vice President submits to College Board for appropriate action.
*Meeting: December 7* (approximate)

Vice President transmits program--with C&I and College Board endorsements--to VCCS for appropriate action.

Not approved

Approved

Returned to Vice President for appropriate action.

Approved

Returned to dean for appropriate action.

Does not comply

Full compliance

Returned to dean for appropriate action.

Does not comply

Full compliance

Returned to VCCS for appropriate action.
DEFINITIONS

Career Studies Certificate  A program of study in an occupational/technical area not less than 9 nor more than 29 semester credit hours which may include courses numbered 10 - 299. Exempt from SCHEV and VCCS Table 5-1 requirements (page 14).

Catalog  The current New River Community College online catalog (http://catalog.nr.edu).

Vice President’s Staff  Administrative team at NRCC comprised of the Vice President for Instruction and Student Services, the Dean of Arts and Sciences, the Dean of Business and Technologies, the Dean of Student Services, the Director of Distance Education, the Director of Library Services, the Financial Aid Manager, and Assessment & Program Review Specialist.

Degree Program  A two-year program of study composed of 100- and 200-level college courses, culminating in a degree. A degree program includes one or more majors, some of which are further divided into appropriate specializations. (See Courses & Programs at http://courses.vccs.edu/)

Major  A program of study consisting of a concentration of courses (30 or more credits) in or closely related to a single discipline and inherently part of an existing degree program. Each major has three instructional cores: general core (25%), specialized and/or degree-related core, and college electives.

Non-Degree Program  A program of study consisting of a concentration of courses in or closely related to a single discipline that culminates in the awarding of a certificate or a diploma. A minimum of 15% of the total credits required to complete the program must be general education courses. Certificate programs (with a minimum of 30 semester credit hours) and diplomas programs are exempt from SCHEV and VCCS Table 5-1 requirements (page 14).

Program Proposal  A program proposal consists of all of the elements of documentation required by SCHEV to support the addition of a new degree program. Majors, specializations and non-degree programs do not require preparation of a SCHEV program proposal. (See VCCS Degree Program Proposal Guidelines and Checklist on page 74)

SCHEV  State Council of Higher Education for Virginia (www.schev.edu)

Specialization  A specialized program of study based on a major with 9-15 credits variation from the parent major.

VCCS Courses & Programs  The VCCS online search system classifying curricula with options to search courses, programs and majors or focus on a specific college within the VCCS; also known as the Master Course File. (See Courses & Programs at http://courses.vccs.edu/).
OVERVIEW

According to the VCCS Policy Manual, a new academic program must undergo a certain review process prior to its implementation. Different types of programs require different levels of review depending on the type of program and authority that has been granted by SCHEV. The Policy Manual provides direction for the type and extent of review required for each program, as outlined in Table 5-3 below. See Section XII for an outline of NRCC Programs and the classifications.

</tbody>
</table>

¹Only for AAA and AAS degree programs
²Original requests must be approved; additional colleges’ requests need only be reported
³Must be approved by State Council of Higher Education at least 6 months prior to requested program implementation semester. “Spin-off” degree programs (such as turning a specialization of a current degree program into a stand-alone degree program) require SCHEV staff approval.
⁴SACS must be notified if the new program is related to programs already approved at the college and does not represent a potential substantive change. If the new program does represent a substantive change from approved college programs, SACS approval is required.

VCCS Policy Manual- Section 5
GENERAL EDUCATION OBJECTIVES

Associate degree programs provide a coherent, shared experience for students to develop the core general education competencies expected of them as college-educated individuals. General education, as an integrated and cohesive whole, provides the educational foundation necessary to promote intellectual and personal development. Upon completion of the associate degree, graduates of New River Community College will demonstrate competency in following general education areas:

1. **Civic Engagement** The ability to contribute to the civic life and well-being of local, national, and global communities as both a social responsibility and a lifelong learning process. Degree graduates will demonstrate the knowledge and civic values necessary to become informed and contributing participants in a democratic society.

2. **Critical Thinking** The ability to use information, ideas, and arguments from relevant perspectives to make sense of complex issues and solve problems. Degree graduates will locate, evaluate, interpret, and combine information to reach well-reasoned conclusions or solutions.

3. **Written Communication** The ability to develop, convey, and exchange ideas in writing, as appropriate to a given context and audience. Degree graduates will express themselves effectively in a variety of written forms.

4. **Quantitative Literacy** The ability to perform accurate calculations, interpret quantitative information, apply and analyze relevant numerical data, and use results to support conclusions. Degree graduates will be able to calculate, interpret, and use numerical and quantitative information in a variety of settings.

5. **Professional Readiness** The ability to work well with others and display situationally and culturally appropriate demeanor and behavior. Professionally ready degree graduates will be able to demonstrate skills important for successful transition into the workplace and pursuit of further education.

6. **Scientific Literacy** The ability to recognize and understand the scientific method, concepts, processes, and applications used in the pursuit of knowledge. Scientific literacy prepares individuals to make informed decisions and engage with issues related to the natural, physical, and social world. Degree graduates will recognize and know how to apply the scientific method, and evaluate empirical information

Note: for further information refer to the VCCS Policy Manual, section 5.0.2.2

VCCS Policy Manual- Section 5
This manual provides guidelines for the review and approval of new programs by program type. All programs for which an associate degree is awarded (including specializations) must meet the VCCS and accreditation requirements appropriate to the type of program. The tables that follow (VCCS Table 5-1 and SACSCOC Accreditation Requirements) define these requirements.

Questions regarding process, documentation, or program requirements should be directed to the Vice President for Instruction and Student Service

Purpose
The purpose of the New River Community College (NRCC) Substantive Change Notification Policy is to ensure that the College remains compliant with SACSCOC Criterion 3.12.1:

3.12.1 The institution notifies the Commission of changes in accordance with the Commission’s substantive change policy and, when required, seeks approval prior to the initiation of changes.

Policy
Substantive changes for New River Community College will be reported to the Commission on Colleges of the Southern Association of Colleges and Schools in accordance with SACSCOC policy on “Substantive Change for Accredited Institutions of the Commission on Colleges.”

Substantive Change – Seeking More Advanced Level

<table>
<thead>
<tr>

<td></td>
<td></td>
<td></td>
<td>Due dates: April 15 or October 1</td>
</tr>
</tbody>
</table>

NRCC Internal Process

New River Community College is accredited by the Commission on Colleges to award Associate Degrees as its highest degree. NRCC is one of 23 community colleges governed by the Virginia State board of Community Colleges. “The State Board shall set minimum standards and authorize issuance by institutions of appropriate associate degrees, certificates, and diplomas to individuals who satisfactorily complete the course and program requirements (VCCS Policy Manual, Section 2, IV). As an institution operating under the Virginia Community College System, the associate degree is the highest degree the College can award. NRCC will not seek this type of Substantive Change.
### Substantive Change – Expansion at Current Degree Level

<table>
<thead>
<tr>
<th>Types of Change</th>
<th>Procedure</th>
<th>Prior Notification Required</th>
<th>Time Frame for Contacting COC</th>
<th>Prior Approval Required</th>
<th>Documentation</th>
</tr>
</thead>
<tbody>
<tr>
<td>Expanding at current degree level <em>(significant departure from current programs)</em></td>
<td>1</td>
<td>Yes</td>
<td>6 months</td>
<td>Yes</td>
<td>Prospectus</td>
</tr>
</tbody>
</table>

**NRCC Internal Process**

The College has a defined cycle for submission of proposals for new programs. Program proposals are submitted by October 1 for offering programs during the following academic year *(i.e., program proposals are submitted ten (10) months prior to their being offered)*. When the College anticipates opening a new associate degree, diploma, certificate, or career studies certificate that **differs significantly** from existing programs, the College will follow the procedure outlined below.

<table>
<thead>
<tr>
<th>Steps</th>
<th>Procedure</th>
<th>Responsibility</th>
<th>Timeline</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>The division/unit offering the program prepares a curriculum proposal for submission to the College’s Curriculum and Instruction Committee (C&amp;IC)</td>
<td>Academic dean or Workforce Development VP</td>
<td>Oct. 1</td>
</tr>
<tr>

<td>The College’s C&amp;IC approves the program and forwards it to C&amp;IC of the local College Board</td>
<td>VP for Instruction and Student Services</td>
<td>Dec. 1</td>
</tr>
<tr>
<td>3</td>
<td>The local College Board approves the program</td>
<td>VP for Instruction and Student Services</td>
<td>Mid-Dec.</td>
</tr>
<tr>
<td>4</td>
<td>The VP for Instruction and Student Services informs the VCCS System Office of the new program</td>
<td>VP for Instruction and Student Services</td>
<td>Jan. 15</td>
</tr>
<tr>
<td>5</td>
<td>The VP for Instruction and Student Services and NRCC’s Accreditation Liaison prepare a letter of notification and prospectus for submission to SACSCOC</td>
<td>VP for Instruction and Student Services and NRCC SACSCOC Liaison</td>
<td>Feb. 1</td>
</tr>
<tr>
<td>6</td>
<td>The President’s Office sends the letter to SACSCOC</td>
<td>President’s Office</td>
<td>Feb. 15</td>
</tr>
</tbody>
</table>

**Note:** **Significant Departure** – a program that is not closely related to previously approved programs at the institution or site or for the mode of delivery in question. To determine whether a new program is a “significant departure,” it is helpful to consider the following questions:

- What previously approved programs does the institution offer that are closely related to the new program and how are they related?
- Will significant additional equipment or facilities be needed?
- Will significant additional financial resources be needed?
- Will a significant number of new courses be required?
- Will a significant number of new faculty members be required?
- Will significant additional library/learning resources be needed? *(“Substantive Change for Accredited Institution of the Commission on Colleges,” Glossary of Terms)*
Substantive Change – Initiating a Branch Campus

<table>
<thead>
<tr>
<th>Types of Change</th>
<th>Procedure</th>
<th>Prior Notification Required</th>
<th>Time Frame for Contacting COC</th>
<th>Prior Approval Required</th>

<td>Yes</td>
<td>Approval required prior to implementation</td>
<td>Yes</td>
<td>Modified prospectus</td>
</tr>
</tbody>
</table>
The Vice President for Workforce Development initiates the appropriate approval process for offering a certificate program on short notice in response to an employer’s request. At this time the Vice President for Workforce Development indicates whether the proposed offering will a) use existing courses, b) be offered at a new off-campus site, or c) represent a significant departure from previously approved programs. If “b” or “c” applies, prior notification will be made to COC and a modified prospectus will be submitted. Whenever possible, option “a” will be the preferred course of action.

Substantive Change – Initiating Other Certificate Programs

<table>
<thead>
<tr>
<th>Types of Change</th>
<th>Procedure</th>
<th>Prior Notification Required</th>
<th>Time Frame for Contacting COC</th>
<th>Prior Approval Required</th>

<td>The local College Board approves the program</td>
<td>VP for Instruction and Student Services</td>
<td>Mid-Dec.</td>
</tr>
<tr>
<td>4</td>
<td>The VP for Instruction and Student Services informs the VCCS System Office of the new program</td>
<td>VP for Instruction and Student Services</td>
<td>Jan. 15</td>
</tr>
</tbody>
</table>
The VP for Instruction and Student Services and NRCC’s Accreditation Liaison prepare a letter of notification and modified prospectus for submission to SACSCOC.

The President’s Office sends the letter and modified prospectus to SACSCOC.

### Substantive Change – Altering Educational Mission

<table>
<thead>
<tr>
<th>Types of Change</th>
<th>Procedure</th>
<th>Prior Notification Required</th>
<th>Time Frame for Contacting COC</th>
<th>Prior Approval Required</th>
<th>Documentation</th>
</tr>
</thead>
<tbody>
<tr>
<td>Altering significantly the educational mission of the institution</td>
<td>1</td>
<td>NA</td>
<td>NA</td>
<td>Yes</td>
<td>Contact Commission Staff (Also, see page 16, item 9)</td>
</tr>
</tbody>
</table>

NRCC Internal Process

The only possible change to the educational mission of NRCC would be a transformation from a community college to a four-year institution, which would be covered under “Substantive Change – Seeking More Advanced Level.” As an institution operating under the authority of the Virginia Community College System, NRCC does not anticipate seeking this type of Substantive Change.

### Substantive Change – Initiating Joint or Dual Degrees with Another Institution

<table>
<thead>
<tr>
<th>Types of Change</th>
<th>Procedure</th>
<th>Prior Notification Required</th>
<th>Time Frame for Contacting COC</th>
<th>Prior Approval Required</th>
<th>Documentation</th>
</tr>
</thead>
<tbody>
<tr>
<td>Initiating joint or dual degrees with another institution: (See: —Agreements Involving Joint and Dual Academic Awards”</td>

</tr>
<tr>
<td>Joint programs - with another SACSCOC accredited</td>
<td>2</td>
<td>Yes</td>
<td>Prior to implementation</td>
<td>NA</td>
<td>Copy of signed agreement and contact</td>
</tr>
</tbody>
</table>
NRCC Internal Process

The SACSCOC “Collaborative Academic Arrangements: Policy and Procedures” states:

The most common forms of collaborative academic arrangements are dual educational programs and joint educational programs. For the purposes of accreditation and review by SACS Commission on Colleges, the following definitions apply:

- A dual educational program is one whereby students study at two or more institutions, and each institution awards a separate program completion credential bearing only its own name, seal and signature.

- A joint educational program is one whereby students study at two or more institutions and are awarded a single program completion credential bearing the names, seals and signatures of each of the participating institutions.

The VCCS has no policies or procedures allowing for the award of such dual degrees. NRCC does not anticipate seeking this type of Substantive Change.

Substantive Change – Initiating Off-Campus Sites
(Including Dual Enrollment Programs at High Schools)

<table>
<thead>
<tr>
<th>Types of Change</th>
<th>Procedure</th>
<th>Prior Notification Required</th>
<th>Time Frame for Contacting COC</th>
<th>Prior Approval Required</th>
<th>Documentation</th>
</tr>
</thead>
<tbody>
<tr>
<td>Initiating off-campus sites (including Early College)</td>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
High School and dual enrollment programs offered at the high school:

- Student can obtain 50 percent or more credits toward program
  - Steps: 1
  - Procedure: NRCC planning process identifies the need to offer program(s) at a new site.
  - Responsibility: NRCC Employee
  - Timeline: Prior to implementation
  - Document: Prospectus

- Student can obtain 25-49 percent of credit
  - Steps: 2
  - Procedure: Proposed new site is evaluated:
    - A. List of course offerings
    - B. Analysis of level of program offerings (25 percent/50 percent or more)
  - Responsibility: President’s Staff Member
  - Timeline: Prior to implementation
  - Document: Letter of Notification

- Student can obtain 24 percent or less
  - Steps: NA
  - Procedure: NA
  - Responsibility: NA
  - Timeline: NA

**NRCC Internal Process**

When initiating off-campus sites at which students can obtain 25 percent or more credits toward a program, the College will follow the procedure outlined below:

<table>
<thead>
<tr>
<th>Steps</th>
<th>Procedure</th>
<th>Responsibility</th>
<th>Timeline</th>
</tr>

</tr>
</tbody>
</table>
NRCC offers dual enrollment courses at the high schools within its service region and was doing so at the time of its last reaffirmation of accreditation in 2008. Because the College was already offering dual enrollment courses at all of the high schools in its service region at the time of its last reaffirmation, NRCC does not anticipate initiating any new dual enrollment sites. However, to ensure compliance with level of credit offered, the College will follow the procedure outlined below for programs currently below the 50 percent threshold. After a Prospectus is submitted for a site offering 50 percent or more credits for a program, the College will follow the procedure outlined in the following section (“Expansion of Program Offerings at Previously Approved Sites”) for expanding program offerings at those sites.

<table>
<thead>
<tr>
<th>Steps</th>
<th>Procedure</th>
<th>Responsibility</th>
<th>Timeline</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Academic Deans submit annual list of dual enrollment courses to be offered at each high school (off-campus site) to the Vice President for Instruction and Student Services</td>

</tr>
</tbody>
</table>

### NRCC Internal Process

The length of programs (i.e., number of credits) is established by VCCS policy. “The State Board shall establish minimum standards and shall authorize community colleges to award appropriate associate degrees, diplomas, certificates, and career studies certificates, to individuals who satisfactorily complete course and program requirements” ([VCCS Policy Manual, Section 5.1.0](#)). Since program length is determined by VCCS State Board policy, the College cannot significantly alter the length of a program and does not anticipate seeking this type of Substantive Change.

### Substantive Change – Initiating Distance Learning

</tbody>
</table>
NRCC filed a Substantive Change proposal with SACSCOC for distance learning and has been approved by the Commission for the electronic delivery of 50 percent or more of a program’s credits. The College has been reaffirmed for accreditation three times (1997; 2008; 2018) since submitting that Substantive Change. The College will follow the procedure outlined below for continually monitoring the status of distance learning offerings.

<table>
<thead>
<tr>
<th>Steps</th>
<th>Procedure</th>

NRCC Internal Process

As a member of the Virginia Community College System, NRCC may initiate programs or courses through a contractual agreement or consortium with other colleges in the VCCS. When such an arrangement occurs, the College will follow the procedure outlined below.

<table>
<thead>
<tr>
<th>Steps</th>
<th>Procedure</th>
<th>Responsibility</th>
<th>Timeline</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>NRCC planning process identifies need for agreement/consortium.</td>

</tr>
<tr>
<td>... if the entity provides less than 25% of an educational program offered by the accredited institution</td>
<td>2</td>
<td>Yes</td>
<td>Prior to implementation</td>
<td>NA</td>
<td>Copy of the signed agreement</td>
</tr>
</tbody>
</table>

### NRCC Internal Process

As noted in the previous explanation, “Contractual Agreements or Consortium,” NRCC may on occasion initiate programs or courses through a contractual agreement or consortium with other colleges in the VCCS. All VCCS institutions are certified to participate in USDOE Title IV programs. Therefore, NRCC does not anticipate seeking this type of Substantive Change.
## Substantive Change – Merger/Consolidation

<table>
<thead>
<tr>
<th>Types of Change</th>
<th>Procedure</th>
<th>Prior Notification Required</th>
<th>Time Frame for Contacting COC</th>
<th>Prior Approval Required</th>
<th>Documentation</th>
</tr>
</thead>
<tbody>
<tr>
<td>Initiating a merger/consolidation with another institution</td>
<td>See SACSCOC policy “Mergers, Consolidations and Change of Ownership: Review and Approval”</td>
<td>Yes</td>
<td>6 months</td>
<td>Yes</td>
<td>Prospectus Due dates: April 15 or September 15</td>
</tr>
</tbody>
</table>

### NRCC Internal Process

NRCC is one of 23 community colleges within the Virginia Community College System. The VCCS Policy Manual states: “The State Board is the State agency responsible for the establishment, control, administration, and supervision of all community colleges in the Commonwealth of Virginia” (VCCS Policy Manual, Section 2, IX, A). The College does not have authority to initiate a merger or consolidation. Therefore, NRCC does not anticipate seeking this type of Substantive Change.

## Substantive Change – Changing Governance

<table>
<thead>
<tr>
<th>Types of Change</th>
<th>Procedure</th>
<th>Prior Notification Required</th>
<th>Time Frame for Contacting COC</th>
<th>Prior Approval Required</th>
<th>Documentation</th>
</tr>
</thead>
<tbody>
<tr>
<td>Changing governance, ownership, control, or legal status of an institution</td>
<td>See SACSCOC policy “Mergers, Consolidations and Change of Ownership: Review and Approval”</td>
<td>Yes</td>
<td>6 months</td>
<td>Yes</td>
<td>Prospectus Due dates: April 15 or September 15</td>
</tr>
</tbody>
</table>

### NRCC Internal Process

NRCC is one of 23 community colleges within the Virginia Community College System. The VCCS Policy Manual states: “The State Board is the State agency responsible for the establishment, control, administration, and supervision of all community colleges in the Commonwealth of Virginia” (VCCS Policy Manual, Section 2, IX, A). The College does not have authority to initiate a change of governance, ownership, control, or legal status for itself. Therefore, NRCC does not anticipate seeking this type of Substantive Change.
NRCC Internal Process

NRCC is one of 23 community colleges within the Virginia Community College System. The VCCS Policy Manual states: “The State Board shall have final authority to determine the number, name, and location of colleges approved” (VCCS Policy Manual, Section 2, VIII, A). The Policy Manual further states: “The State Board is the State agency responsible for the establishment, control, administration, and supervision of all community colleges in the Commonwealth of Virginia” (VCCS Policy Manual, Section 2, IX, A). NRCC consists of the main campus, which is centrally located in the service region it serves, with no additional branch campuses. NRCC does not anticipate seeking this type of Substantive Change.

NRCC Internal Process

NRCC operates one off-campus site; additional off-campus sites are the high schools in the service region where dual enrollment courses are taught. Should the location of any of these sites change, the College will follow the procedure outlined below.

<table>
<thead>
<tr>
<th>Steps</th>
<th>Procedure</th>
<th>Responsibility</th>
<th>Timeline</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>NRCC planning process identifies need for moving the college’s off-campus site or identifies change of location for high schools offering dual enrollment courses</td>
<td>NRCC Employee</td>
<td></td>
</tr>
</tbody>
</table>
NRCC’s Accreditation Liaison prepares a letter of notification for submission to SACSCOC with new address and starting date

The President’s Office sends the letter to SACSCOC

### Substantive Change – Change from Clock to Credit Hours

<table>
<thead>
<tr>
<th>Types of Change</th>
<th>Procedure</th>
<th>Prior Notification Required</th>
<th>Time Frame for Contacting COC</th>
<th>Prior Approval Required</th>
<th>Documentation</th>
</tr>
</thead>
<tbody>
<tr>
<td>Changing from clock hours to credit hours</td>
<td>1</td>
<td>NA</td>
<td>NA</td>
<td>Yes</td>
<td>Justify reasons for change, indicate calculation of equivalency, and other pertinent information</td>
</tr>
</tbody>
</table>

NRCC Internal Process

The Virginia Community College System requires institutions to operate on a semester system. The VCCS Policy Manual defines a course credit as follows: “Each semester hour of credit given for a course is based on the ‘academic hour,’ which is 50 minutes of formalized, structured instructional time in a particular course weekly for fifteen weeks. This is a total of 750 minutes of instruction” (VCCS Policy Manual, Section 5.3.0.2). Because the use of credit hours is prescribed by the VCCS, the College does not anticipate seeking this type of Substantive Change.

### Substantive Change – Program Length

<table>
<thead>
<tr>
<th>Types of Change</th>
<th>Procedure</th>
<th>Prior Notification Required</th>
<th>Time Frame for Contacting COC</th>
<th>Prior Approval Required</th>
<th>Documentation</th>
</tr>
</thead>
<tbody>
<tr>
<td>Altering significantly the length of a program</td>
<td>1</td>
<td>NA</td>
<td>NA</td>
<td>Yes</td>
<td>Prospectus</td>
</tr>
</tbody>
</table>

NRCC Internal Process

The length of programs (i.e., number of credits) is established by VCCS policy. “The State Board shall establish minimum standards and shall authorize community colleges to award appropriate associate degrees, diplomas, certificates, and career studies certificates, to individuals who satisfactorily complete course and program requirements” (VCCS Policy Manual, Section 5.1.0). Since program length is determined by VCCS
State Board policy, the College cannot significantly alter the length of a program and does not anticipate seeking this type of Substantive Change.

**Substantive Change – Degree Completion Programs**

<table>
<thead>
<tr>
<th>Types of Change</th>
<th>Procedure</th>
<th>Prior Notification Required</th>
<th>Time Frame for Contacting COC</th>
<th>Prior Approval Required</th>
<th>Documentation</th>
</tr>
</thead>
<tbody>
<tr>
<td>Initiating degree completion programs</td>
<td>1</td>
<td>NA</td>
<td>NA</td>
<td>Yes</td>
<td>Prospectus</td>
</tr>
</tbody>
</table>

NRCC Internal Process

NRCC offers a variety of scheduling options and receives transfer credit from other institutions to assist students in completing course work toward their degrees. However, there is no special packaging of scheduling or transfer credit that would meet the Commission’s definition of “degree completion programs” in its “Glossary of Terms” for its Policy Statement on Substantive Change. Therefore, NRCC does not anticipate seeking this type of Substantive Change.

**Substantive Change – Program Closure**

<table>
<thead>
<tr>
<th>Types of Change</th>
<th>Procedure</th>
<th>Prior Notification Required</th>
<th>Time Frame for Contacting COC</th>
<th>Prior Approval Required</th>
<th>Documentation</th>
</tr>
</thead>
<tbody>
<tr>
<td>Closing a program, approved off-campus site, branch campus, or institution</td>
<td>3</td>
<td>Yes</td>
<td>Immediately following decision to close</td>
<td>Yes</td>
<td>Description of teach-out plan included with letter of notification</td>
</tr>
<tr>
<td>- Institution to teach out its own students</td>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>- Institution contracts with another institution to teach-out students (Teach-out Agreement)</td>
<td>3</td>
<td>Yes</td>
<td>Immediately following decision to close</td>
<td>Yes</td>
<td>Description of teach-out plan, copy of signed teach-out agreement detailing terms included with notification</td>
</tr>
</tbody>
</table>
NRCC Internal Process

If NRCC determines that an academic program is no longer relevant or viable, the College will follow the procedure outlined below to close the program. The official closure process begins October 1 for a closure for the following academic year.

<table>
<thead>
<tr>
<th>Steps</th>
<th>Procedure</th>
<th>Responsibility</th>
<th>Timeline</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>The division/unit offering the program prepares a program closure proposal for submission to the College’s Curriculum and Instruction Committee (C&amp;IC)</td>
<td>Academic dean or Workforce Development VP</td>
<td>Oct. 1</td>
</tr>
<tr>
<td>2</td>
<td>The College’s C&amp;IC approves the program closure and forwards it to C&amp;IC of the local College Board</td>
<td>VP for Instruction and Student Services</td>
<td>Dec. 1</td>
</tr>
<tr>
<td>3</td>
<td>The local College Board approves the program closure</td>
<td>VP for Instruction and Student Services</td>
<td>Mid-Dec.</td>
</tr>
<tr>
<td>4</td>
<td>The VP for Instruction and Student Services informs the VCCS System Office of the program closure</td>
<td>VP for Instruction and Student Services</td>
<td>Jan. 15</td>
</tr>
<tr>
<td>5</td>
<td>The VP for Instruction and Student Services and NRCC’s Accreditation Liaison prepare a letter of notification with either a description of the internal teach-out plan or a copy of the teach-out agreement with another institution</td>
<td>VP for Instruction and Student Services; NRCC Accreditation Liaison</td>
<td>Feb. 1</td>
</tr>
<tr>
<td>6</td>
<td>The President’s Office sends the letter with accompanying teach-out plan to SACSCOC</td>
<td>President’s Office</td>
<td>Feb. 15</td>
</tr>
</tbody>
</table>

Note: A decision to close New River Community College must come from the Virginia Community College System. Such a closure would be initiated by the State Board of Community Colleges. NRCC would not initiate this type of Substantive Change.

Substantive Change – Acquisition of Program or Site

<table>
<thead>
<tr>
<th>Types of Change</th>
<th>Procedure</th>
<th>Prior Notification Required</th>
<th>Time Frame for Contacting COC</th>
<th>Prior Approval Required</th>
<th>Documentation</th>
</tr>
</thead>
<tbody>
<tr>
<td>Acquiring any program or site from another institution</td>
<td>See SACSCOC policy “Mergers, Consolidations and Change of Ownership: Review and Approval”</td>
<td>Yes</td>
<td>6 months</td>
<td>Yes</td>
<td>Prospectus</td>
</tr>
</tbody>
</table>
NRCC Internal Process

In its more than 40-year history, NRCC has not acquired a program from another institution nor has it contracted with another institution to teach out students from another institution’s program. If there is a need for a new program, the College follows the process outlined above (“Substantive Change – Expansion at Current Degree Level”) to propose and implement a new program. VCCS Policy, established by the State Board for Community Colleges, defines the service regions that community colleges serve. NRCC’s acquiring a site from another community college would require a change in service region boundaries, a process that would be initiated by the State Board, not by NRCC. The College does not anticipate seeking this type of Substantive Change.

Substantive Change – Addition of Permanent Location from a Teach-Out Arrangement

<table>
<thead>
<tr>
<th>Types of Change</th>
<th>Procedure</th>
<th>Prior Notification Required</th>
<th>Time Frame for Contacting COC</th>
<th>Prior Approval Required</th>
<th>Documentation</th>
</tr>
</thead>
<tbody>
<tr>
<td>Adding a permanent location at a site where the institution is conducting a teach-out for students from another institution that is closing</td>
<td>See SACSCOC policy “Mergers, Consolidations and Change of Ownership: Review and Approval”</td>
<td>Yes</td>
<td>6 months</td>
<td>Yes</td>
<td>Prospectus</td>
</tr>
</tbody>
</table>

NRCC Internal Process

In its more than 50-year history, NRCC has not contracted with another institution to teach out students from another institution’s program. Neither has the VCCS closed any of its institutions in its more than 50-year history as community colleges are strategically located throughout the state to serve educational needs of defined service regions. Closing a community college would require action by the State Board for Community Colleges. The College does not anticipate seeking this type of Substantive Change.

Conclusion

New River Community College acknowledges the importance of notifying the Southern Association of Colleges and Schools Commission on Colleges of changes in accordance with the Commission’s Substantive Change Policy. The College further understands that other types of Substantive Changes may be identified by the Commission. Therefore, NRCC’s Accreditation Liaison to SACSCOC will maintain a close working relationship with the Commission staff member assigned to the College to remain knowledgeable of new information related to the College’s accreditation.
Addendum

This policy has been approved by the President’s Staff, the College’s top-level administrators responsible for recommending College-wide policy and advising the president. Members of the President’s Staff are directly responsible for the implementation and enforcement of the policy; they have disseminated this policy to their staff members as appropriate. This policy is also posted on the NRCC directory (repository) of electronic files for SACSCOC documents. This directory is located on the “S/Shared” drive so that the policy is readily available to all employees.
NEW COURSES

When the need for a new course arises, the faculty should proceed in the following manner.

1. **The faculty member should check the VCCS Courses & Programs**, also known as the Master Course File (MCF), found on the VCCS web page (http://courses.vccs.edu/). If the course already exists, the faculty member should follow the steps outlined in the **Course Revisions** section of this manual (page 39).

2. **The faculty member prepares a course plan** and completes the forms VCCS 103 and VCCS 104 located on the shared drive (page 98).

3. **The faculty member reviews the course request with the appropriate dean.**
   - If the course is new to the VCCS, the VP for Instruction and Student Services should request that the proposed course be reviewed by the Vice President’s Staff.
   - If the course already exists in the VCCS, the proposed modification and use of the course (substitution within the program) should be reviewed by the Vice President’s Staff. **Please refer to Course Revisions (page 39).**

4. **The Vice President’s Staff reviews the request for compliance and administrative issues and recommends referral to the Curriculum and Instruction Committee.** At a regular meeting of the Vice President’s Staff, the appropriate dean will present the course for review. Recommendations resulting from that review will be forwarded to the developer (instructor) by the dean.

5. **The Curriculum and Instruction Committee reviews and recommends approval or denial of the request by the VP for Instruction and Student Services.** The developer (instructor) and dean should present the course to the Curriculum and Instruction Committee for review. The developer and dean will not be present during discussions of merit or cast a vote for approval/denial of the course request.

   If the Curriculum and Instruction Committee recommends that a course request be denied approval, the Vice President's Office will usually return the request to the appropriate dean with an explanation of reasons for the Committee's recommendation. The dean and faculty have the option of revising or abandoning the request. The VP for Instruction and Student Services acts upon the Committee's recommendation and has college-level authority for the approval or denial of new course requests.

6. **Upon approval of a course request, the Vice President’s Office submits the request to the VCCS Academic Services and Research (AS&R) Staff.**

7. **The AS&R Staff submits the request to the VCCS Dean’s Course Review Committee for review and action.**

8. **The VCCS Dean’s Course Review Committee approves or denies the request.**

9. **The VCCS Academic Services and Research staff notifies the college of action taken by the VCCS Dean’s Course Review Committee.**

10. **The Vice President’s Office notifies the appropriate dean and the Admissions and Records Office.**

11. **The Vice President’s Office adds approved courses to the Catalog.**

**DEADLINES:** New courses should reach step 6 (above) at least one semester prior to desired implementation. Deadlines for submitting items to the VCCS AS&R staff are provided each semester to the Vice President’s Office.

**NOTE:** Refer to **Table 5-3 for Program Review and Approval Process** on page 11.

Course added to Master Course File (MCF)

Vice President’s Office notified of DCRC’s action

Vice President’s Office makes notifications and changes to Catalog

Vice President’s Office notified

Denied
COURSE REVISIONS

To request revisions to the description of an existing course, the faculty should proceed in the following manner.

Minor revisions to the Master Course File (Courses & Programs) should be submitted to the appropriate dean on the appropriate form. The dean reviews the proposed revisions with the Vice President’s Staff. If no problems or concerns are encountered, the Vice President forwards the proposal to the AS&R staff for processing.

Major revisions to course descriptions should be reviewed through the internal process as follows:

1. The faculty member prepares a course plan and completes the forms VCCS 103 and VCCS 104 located on the shared drive (page 99).
2. The faculty member reviews the request to revise a course with the appropriate dean.
3. The Vice President’s Staff reviews the request for compliance and administrative issues and recommends referral to the Curriculum and Instruction Committee.
4. The Curriculum and Instruction Committee reviews the request and recommends approval or denial by the VP for Instruction and Student Services.
   The developer (instructor) and appropriate dean should present the course to the Curriculum and Instruction Committee for review. The developer and dean will not be present during discussions of merit or cast a vote for approval or rejection of the proposed course.

   If the Curriculum and Instruction Committee recommends that a course request be denied approval, the Vice President’s Office will usually return the request to the appropriate dean with an explanation of reasons for the Committee’s recommendation. The dean and faculty have the option of revising or abandoning the request. The VP for Instruction and Student Services acts upon the Committee’s recommendation and has college-level authority for the approval or denial of new course requests.

5. In addition to the internal review, other colleges offering the same course should be consulted regarding the proposed changes. This action expedites the revision process once it reaches step 6.
6. Upon approval of a revision request, the Vice President’s Office submits the proposed revisions for review by AS&R staff, which includes collaboration with other colleges offering the course.
7. The AS&R Staff submits the request to the VCCS Dean’s Course Review Committee for review and action.
8. The VCCS Dean’s Course Review Committee approves or denies the request.
9. The VCCS Academic Services & Research staff notifies the Vice President of action(s) taken by the VCCS Dean’s Course Review Committee.
10. The Vice President’s Office notifies the appropriate dean and the Admissions and Records Office.
11. The Vice President’s Office publishes approved revisions in the Catalog.

NOTE: Refer to Table 5-3 for Program Review and Approval Process on page 11.
Revised Courses

Course to be offered exists in the Master Course File (MCF)

Course can be used as described in the MCF

Course requires revision before use

Course plan and VCCS 103 & 104 forms submitted to appropriate dean

Dean presents to Vice President’s Staff

Faculty member/dean presents to Curriculum and Instruction (C & I) Committee.

Vice President acts on C&I recommendation

Course Approval Guidelines for the Dean’s Course Review Committee

Introduction:

The Dean’s Course Review Committee has established the following guidelines for their use in deciding whether or not a proposal for a new or revised course should be considered as appropriate for college credit or if the proposal more accurately describes a non-credit training activity.

1. If the course meets the bulk of the following “Credit” criteria, it then proceeds to the next stage. Both credit and non-credit courses may contain a mixture from the two columns, but to qualify as a credit course, the proposal must be clearly distinguished as such according to the following table.
2. Credit courses also need to be evaluated for the appropriate level of instruction: <100 for “pre-college” level, 100 for college freshman level, or 200 for college sophomore level instruction, as indicated on the following “Course Level Guidelines”
3. The course also needs to be evaluated with respect to the nature of the course – lecture and/or laboratory. If the course content and description appear to meet the definition listed below, the course MUST contain an embedded laboratory component as part of the course description and contact hour configuration.

<td>Instructor-centered experience</td>
</tr>
<tr>
<td>Based on academic hour that includes student workload (out-of-class preparation/assignments) and delivery of content (contact hours) sufficient for credit hours assigned (usually 3:1)</td>
<td>Based on clock-hours of instruction</td>
</tr>
</tbody>
</table>

**Course Level Guidelines:**

**Below 100-level course:** content appropriate for less-than collegiate level instruction; assumes no (or limited) prerequisite skills or knowledge; focused on fundamentals (see characteristics outlined above for non-credit)

**100-level course:** assumes secondary-level skills, knowledge, understanding and maturity; prepares students with prerequisite skills and knowledge for higher-level, more difficult or complex material; provides tools for critical thinking; broad-based content that provides structure for future learning; focused on basic applications of learning skills for understanding

**200-level course:** presumes skills and knowledge and a level of reading and writing ability to deal with higher-level, more complex material; designed to provide breadth and/or depth to content area; builds on 100-level courses and narrows focus for specialization and greater in-depth examination of subject matter; requires higher-level thinking skills – transfer and integration of knowledge
**Laboratory Definition:**

If the course clearly requires students to use and have access to specialized equipment or supplies (hardware and/or software) that are not generally available to students, then this course requires an embedded laboratory component for application of course concepts.

Includes:

1. Application
   - Yes [ ]
   - No [ ]
   *(Of hardware, software, equipment, special resources, skill development, etc.)*

2. Authentic Learning Environment
   - Yes [ ]
   - No [ ]
   *(Includes clinical, work-based learning, service learning, etc.)*

CAREER STUDIES CERTIFICATE

Career Studies Certificates consist of at least 9 and not more than 29 credits of instruction in or closely related to a single discipline. The program criteria in Table 5-1 and SACSCOC Accreditation Requirements do NOT apply to career studies certificates. Refer to Table 5-2 Minimum Requirements for Diplomas, Certificates, and Career Studies Certificates on page 67.

When the need for a new career studies certificate arises, the faculty should proceed in the following manner.

1. The faculty member develops a track sheet for the program and attaches course descriptions for any course that is not listed in the Catalog.

2. The faculty member reviews the request for a new Career Studies Certificate with the appropriate dean.

3. The Vice President’s Staff reviews the request for compliance and administrative issues and recommends referral to the Curriculum and Instruction Committee.
   At a regular meeting of the Vice President’s Staff, the appropriate dean will present the program of study for review. Recommendations resulting from that review will be forwarded to the developer(s) by the dean.

4. The Curriculum and Instruction Committee reviews the request and recommends approval or denial by the VP for Instruction and Student Services.
   The developer(s) and dean should present the program of study to the Curriculum and Instruction Committee for review. The developer and dean will not be present during discussions of merit or cast a vote for approval or rejection of the proposed course.

   If the Curriculum and Instruction Committee recommends that a program be denied approval, the Vice President’s Office will usually return the request to the appropriate dean with an explanation of reasons for the Committee’s recommendation. The dean and faculty have the option of revising or abandoning the request. The VP for Instruction and Student Services acts upon the Committee’s recommendation and has college-level authority for the approval or denial of new program requests.

5. Upon the Vice President’s approval, the Curriculum Committee of the College Board reviews and recommends approval or denial of the request. The VP for Instruction and Student Services, along with the appropriate dean, will present the program of study to the Committee for review.

6. The College Board approves or denies the request based on the recommendation of the Curriculum Committee.

7. Upon Board approval, the VP for Instruction and Student Services notifies the Vice Chancellor of Academic Services and Research that a new career studies certificate option has been approved and will be implemented at the college. The appropriate dean and Admissions and Records Office are also notified.

8. Vice President’s Office adds approved Career Studies Certificates to the Catalog.

DEADLINES
New career studies certificates must be approved prior to publication and implementation.

NOTE:
VCCS Form 102 is needed for Career Studies Certificates.
Refer to Table 5-3 for Program Review and Approval Process on page 11.
Career Studies Certificates

1. Need for new Career Studies Certificate
2. Faculty member(s) and appropriate dean develop a track sheet
3. Dean reviews with Vice President’s Staff
4. Faculty member/dean presents to Curriculum and Instruction (C & I) Committee.
5. Vice President acts on C&I recommendation
   - Denied: Returned to dean for appropriate action
   - Approved: Vice President’s Office presents to Curriculum Committee of College Board
     - Denied: Vice President’s Office makes appropriate notifications
     - Approved: Published in Catalog
   - Vice President’s Office makes appropriate notifications
   - Published in Catalog
   - Action by College Board based on recommendation of Curriculum Committee

46
CAREER STUDIES CERTIFICATE CHECKLIST
Academic Services & Research

Once documentation is received staff will review the curriculum and assign a program code. Career Studies Certificates must contain between 9-29 credit hours. Staff shall notify the college in writing when the program code has been identified and the CIP Code designation has been processed.

Please submit electronically to M. Heather Fitzgerald (mfitzgerald@vccs.edu) in the order described below

**Documents and Sections - Proposals should include the following below:**

1. **VCCS 102 Form, Request for New Curriculum** *(note there is a check box for CSC on the form.)*

2. **Description of Proposed Program**
   Include a brief narrative that describes the program. This can be in the form of the catalog description.

3. **Provide documentation or include in the description when the Local Board approved the proposal.** This can be in the form of local board minutes or curriculum approval signature form.

4. **Provide a copy of the Curriculum**
   This can be in the form of the bulletin copy, advising form, or documentation from local curriculum committee.

**Resources:**

- Master Course File - [http://courses.vccs.edu/](http://courses.vccs.edu/) for course descriptions, credit hours, etc. from the VCCS Website.

SPECIALIZATIONS

A specialization is a specialized program of study based on a major with 9-15 credits variation from the parent major. When the need for a new specialization arises, the faculty should begin by discussing the composition of the new specialization with discipline faculty and the appropriate dean. Once the faculty and dean have agreed on the need for the program, the faculty should proceed in the following manner.

1. **The faculty member prepares a track sheet and attaches descriptions of courses comprising the specialization.**

2. **The faculty member reviews the request for a new specialization with the appropriate dean and completes a Program Audit Worksheet** located on the shared drive (page 98).

3. **The Vice President’s Staff reviews the request for compliance and administrative issues and recommends review by the Curriculum and Instruction Committee.**
   
   At a regular meeting of the Vice President’s Staff, the appropriate dean will present the program of study for review. Recommendations resulting from that review will be forwarded to the developer(s) by the dean.

4. **The Curriculum and Instruction Committee reviews and recommends that the VP for Instruction and Student Services approve or deny the request for a new specialization.**
   
   The developer(s) and dean should present the program of study to the Curriculum and Instruction Committee for review. The developer and dean will not be present during discussions of merit or cast a vote for approval or rejection of the proposed course.

   If the Curriculum and Instruction Committee recommends that a program be denied approval, the Vice President’s Office will usually return the request to the appropriate dean with an explanation of reasons for the Committee’s recommendation. The dean and faculty have the option of revising or abandoning the request. The VP for Instruction and Student Services acts upon the Committee’s recommendation and has college-level authority for the approval or denial of new program requests.

5. **Upon the Vice President’s approval, the Curriculum Committee of the College Board reviews and recommends approval or denial of the request.** The VP for Instruction and Student Services, along with the appropriate dean, will present the specialization to the Committee for review.

6. **The College Board recommends approval or denial of the request** based on the recommendation of the Curriculum Committee.

7. **The Vice President’s Office notifies the appropriate dean and Admissions and Records Office.**

8. **Upon approval, the VP for Instruction and Student Services notifies the Vice Chancellor of Academic Services and Research** that a new specialization has been approved and will be implemented at the college.

9. **The Vice President’s Office adds approved specialization(s) to the Catalog.**

**DEADLINES:**
Specializations must be approved prior to publication and implementation.

**NOTE:**
Refer to **Table 5-3 for Program Review and Approval Process** on page 11.
Specializations

Need for new Specialization

Faculty member(s) and appropriate dean develop a track sheet and program audit worksheet

Dean reviews with Vice President’s Staff.

Faculty member/dean presents to Curriculum and Instruction (C & I) Committee.

Vice President acts on C&I recommendation

Approved

Vice President’s Office presents to Curriculum Committee of College Board

Action by College Board based on recommendation of Curriculum Committee

Vice President’s Office makes appropriate notifications

Published in Catalog

Denied

Vice President acts on C&I recommendation

Returned to dean for appropriate action
SPECIALIZATION CHECKLIST
Academic Services & Research

Once documentation is received staff will review the specialization to confirm that it aligns with the following VCCS Policy - 5.1.0.0.2 Specialization: A specialization is an area of concentration within an approved major, varying from the parent major by 9-15 credit hours. Staff shall notify the college when the review is complete with either a recommendation or verification of alignment.

Below is a listing of the required documentation for specialization review. The documentation may be sent electronically M. Heather Fitzgerald at mfitzgerald@vccs.edu.

Documents and Sections - Proposals should include the following below:

_____ VCCS 102 Form, Request for New Curriculum (note there is a check box for specialization on the form.)

_____ Description of Proposed Program
Include a brief narrative that describes the specialization. This can be in form of the catalog description.

_____ Provide documentation or include in the description when the Local Board approved the proposal. This can be in the form of local board minutes or curriculum approval signature form.

_____ Provide a copy of the Parent degree & Specialization Curriculum
This can be in the form of the bulletin copy, advising form, or documentation from local curriculum committee.

_____ Provide a crosswalk comparison of the parent degree to the specialization (see sample).

Resources:

- Master Course File - http://courses.vccs.edu/ for course descriptions, credit hours, etc. from the VCCS Website.

NEW CERTIFICATES/DIPLOMAS
(Non-Degree Programs)

When the need for a new non-degree program arises, the faculty member should begin by discussing the composition of the new program with discipline faculty and the appropriate dean, prior to initiating the following process. A Certificate Program Proposal Guidelines and Checklist is provided on page 56. Refer to Table 5-3 for Program Review and Approval Process on page 11. For NEW Certificates or TITLE CHANGE refer to the form VCCS New Certificate Program Approval or Program Title Change Submission Requirements on page 55.

1. The faculty member should check the VCCS Online All Programs and Majors (http://courses.vccs.edu/programs) to verify whether the program is currently offered in the Virginia Community College System.

   If the program is currently offered in the VCCS, but not at NRCC, follow the process described in the Existing Certificates/Diplomas in the VCCS section of this manual (page 65).

2. The faculty member completes the VCCS 102 form and prepares a track sheet, a program justification (including documentation of student and employer demand), and an advisory committee list.

3. The faculty member reviews the request for a new certificate or diplomas with the appropriate dean.

4. The Advisory Committee reviews the request and recommends referral to the Vice President’s Staff. (This step is necessary for occupational/technical programs only.)

5. The Vice President’s Staff reviews the request for compliance and administrative issues and recommends referral to the Curriculum and Instruction Committee.
   At a regular meeting of the Vice President’s Staff, the appropriate dean will present the program of study for review. Recommendations resulting from that review will be forwarded to the developer(s) by the dean.

6. The Curriculum and Instruction Committee reviews the request and recommends approval or denial by the VP for Instruction and Student Services.
   The developer(s) and appropriate dean should present the program of study to the Curriculum and Instruction Committee for review. The developer and dean will not be present during discussions of merit or cast a vote for approval or rejection of the proposed course.

   If the Curriculum and Instruction Committee recommends that a program be denied approval, the Vice President’s Office will usually return the request to the appropriate dean with an explanation of reasons for the Committee’s recommendation. The dean and faculty have the option of revising or abandoning the request. The VP for Instruction and Student Services acts upon the Committee’s recommendation and has college-level authority for the approval or denial of new program requests.

7. Upon the Vice President’s approval, the Curriculum Committee of the College Board reviews the request and recommends action by the College Board. The VP and appropriate dean should present the program of study for review by the Curriculum Committee.

8. The College Board approves or denies the request for a new certificate/diploma based on the recommendation of the Curriculum Committee.

9. Upon Board approval, the Vice President’s Office submits the proposed program for review by the VCCS Academic Services and Research (AS&R) Staff.

10. The Chancellor and the State Board for Community Colleges approve or deny the request.

11. The VCCS Academic Services & Research staff notifies the Vice President of action taken by the Chancellor and State Board.

12. The Vice President’s Office notifies the appropriate dean and the Admissions and Records Office and publishes approved certificates and diplomas in the Catalog.

DEADLINES: Non-degree program proposals should reach step 7 (above) at least one year prior to desired implementation.

CERTIFICATE PROGRAM PROPOSAL
GUIDELINES, CHECKLIST & SAMPLE TABLE OF CONTENTS
Academic Services & Research
Cover Sheet

Instructions
1. When the program proposal is being submitted to the system office for VCCS staff review please submit the proposal electronically to M. Heather Fitzgerald, VCCS Coordinator of Academic Programs (mfitzgerald@vccs.edu).

2. VCCS staff will provide written feedback as recommendations or revisions. Staff will also indicate after review when the program proposal is ready for submission to the State Board and SCHEV.

3. When the proposal is being submitted to VCCS staff it is required that the Chief Academic Officer confirm that the program proposal features all of the required components. If the proposal is submitted without the required components, the proposal will be returned to the college with the missing areas flagged for further program development. No written feedback can be provided until all elements of the proposal have been completed.

4. Please print out this document and sign below and scan as a PDF and submit electronically to M. Heather Fitzgerald (mfitzgerald@vccs.edu).

Chief Academic Officer: (Print Name): ________________________________

Chief Academic Officer: (Provide signature and date): ________________________________

College: ________________________________
Proposal Format

- Use word-processing software compatible with Microsoft Word (Times New Roman or Arial 12 Font preferred).
- Provide a table of contents and number all pages of the proposal consecutively to include all pages of the appendix. Sample Appendix provided.
- Provide a descriptive narrative that addresses all items listed below in sufficient detail to inform reviewers who may not be familiar with the discipline.
- Insert any forms or attachments in a labeled appendix. If attachments are submitted, please scan them and insert them electronically in an appendix. Fuzzy low resolution scans will not be accepted, scans must be legible.
- The entire proposal should be combined into one electronic file and numbered accordingly – no separate electronic or paper attachments.

Documents and Sections - Proposals should include the following below:

_____ VCCS Form 102, Request for New Curriculum – signed.
The document must be completed and signed by Vice President, President, and Chair of Local Board.

_____ SCHEV Program Proposal Cover Sheet completed

_____ Letter from the chief academic officer – signed. The letter should contain the following information:
    - Describe the institution’s commitment to the proposed program (in terms of faculty, financial, and physical resources);
    - Explain how the proposed program will fit with the institution’s mission and strategic plan and;
    - Describe funding plans for the proposed program.

Note: If the proposed program will be offered jointly or in collaboration with one or more additional institutions (public or private), the chief academic officer(s) of the collaborating institution(s) should also submit a letter of support and explanation.

_____ Description of Proposed Program

Include a narrative description of the program that addresses the following questions:
• What is the background of the proposed program? Include the institution’s name, location of the program, and initiation date (semester/year) of the program. Is the program a collaboration of campus units (e.g., departments)? What is the purpose of the proposed program? The focus/intent of the program should be provided. What purpose will graduates serve and what are graduates needed to do? Is the program in an emerging or cutting-edge area? A brief history of the evolution and/or a description of the program area should be provided.

• What is the relationship of the proposed program to the institution’s mission? How does the program align with the institution’s mission? Is the program a result of the institution’s strategic plan?

• How many credit hours are required for the proposed program? The credit total range for certificates is 30 credits to 59 credits.

• If a program will seek accreditation, which accrediting organization will be used? When (in which year) will accreditation be sought?

• What are the admission criteria for the proposed program? Provide specific criteria and requirements. Indicate if admission requirements will apply to all students.

• Curriculum – What is the curriculum? Describe the curriculum and include all required courses that are general education and program specific. A minimum of fifteen percent (15%) of a certificate’s credit hour requirement shall be in general education. The general education requirements must include one (1) three (3) credit hour English class.

• Who is the target audience for the proposed program? Describe the audience the institution intends to target for enrollment and/or the type of individual that would be interested in enrolling in the certificate program.

• What is time to complete for full-time students and part-time students? Indicate time to complete for full-time and part-time students.

• Course Delivery Format – Indicate program/courses delivery method. If all or part of the curriculum will utilize any variation of online (i.e., distance, hybrid), what institutional resources will be needed to offer courses? A complete description of the plan, courses, and resources available should be discussed.

• What is the student retention plan for the proposed program and what specific processes, requirements, or activities will be established to ensure students are retained and supported to graduation?

• With the assistance of the institution’s director of assessment or the assessment office, complete the following items (for both general education and program specific outcomes):

  o What learning outcomes (knowledge and skills) are graduates expected to demonstrate?

  o When and how does the institution plan to assess student learning?

  o How does the assessment plan fit into the institution’s overall program review?

  o When and how does the institution plan to assess/evaluate the certificate program?

  What is the review cycle for the program? When will the institution conduct reviews? Who will conduct the reviews? In what year will the first
institutional level review occur?
  o What are the benchmarks by which the program will be deemed successful?

- What are the types of jobs for which the program prepares students? Include this information in the Employer Demand section.
- How will the proposed program be administered? Who will be responsible for administering the program?
- Faculty – What are the faculty credentials and what is the availability of existing faculty? If using adjunct faculty, indicate the number of adjuncts, credentials, and teaching support that would be used to offer the certificate.
- Is the proposed program similar or related to existing programs offered by the institution? If so, explain the similarities and differences between existing certificate programs and the curriculum of the proposed program. Include the name/title of certificate and location of existing certificate programs.
- If this is a collaborative program with another institution of higher education or with business and industry, what is the extent of the collaboration? Describe resources available from each partner and how those resources will be allocated to support the program. Also describe how the program will be administered and which institution(s) will award the certificate.

Credits in the Program - How many credit hours are required for the proposed certificate? Institutions should include the curriculum detailing the required number of credit hours.

Accreditation – If college is seeking a program-specific accreditation, which accrediting body will be used (e.g. Accreditation Council for Occupational Therapy Education)? When (in which year) accreditation will be sought?

Assessment
  With the assistance of the institution’s director of assessment or the assessment office, complete the following items (for both general education & program-specific outcomes):
  - What learning outcomes (knowledge and skills) are graduates expected to demonstrate?
  - When and how does the institution plan to assess student learning?
  - How does the assessment plan fit into the institution’s overall program review?
  - What are the benchmarks by which the program will be deemed successful, when will they be applied, and what will the institution do if the program does not meet the benchmarks? These benchmarks may include meeting projections for enrollment, job placement and satisfaction of employers and graduates with the program. Information should be provided about how the data in the benchmarks will be collected.

Need for the Proposed Program
  Justification provided background information for program development
  - What is occurring in the field that warrants the program and evidence that the
Commonwealth needs this program or will need it in the future (visionary) to address emerging disciplines, etc.

- How was future need determined?
- Provide complete citation for all referenced information.
- Include in-text citations for all quoted information.

**Employer Demand** - Evidence of employer demand. Including current and future need for such graduates. Evidence of demand should include:

- Labor market information appropriate to the scope of the program (i.e., if the program is national in scope, provide national labor market data; if regional, then regional market data; if local, then local data).
- Types of jobs for which students will be prepared. Letters of support from prospective employers:
  - Each letter of support must show how the business will benefit, what the author’s connection is to the business, and the number of future job openings that business could fill with program graduates.
  - Do not use form letters of support that differ only in the signature (include letters in the APPENDIX)
- Employer support letters should be referenced in the narrative.

**Student Demand** - Evidence of student demand to support projected enrollments. Evidence of demand should include at least one of the following requirements:

- (1) A descriptive narrative/full report of student survey results. Provide a copy of any surveys administered in the APPENDIX. Surveys must reflect information obtained within 12 months of submitting the proposal to SCHEV.
- (2) Letters and/or emails of support from prospective students (a minimum of 15 letters/emails) that include a statement of need for program and indicate possible enrollment in the program, in the APPENDIX
- (3) A summary, with citations, of any other sources (such as a similar program at the college) that documents student demand.
- The estimated headcount and FTE (full-time equivalent) students, including sources for the projection. Figures used here must match with the figures used in the completed and attached “Summary of Projected Enrollments in Proposed Program.” The estimated headcount and FTE must meet SCHEV’s minimum standards for program viability.

**Program duplication**

- Include evidence that the proposed program is not unnecessarily duplicative of programs at other institutions in Virginia. Describe how the curriculum of the proposed program is similar to and different from other programs in the state.
Projected Resource Needs

- Explain the resources to offer the certificate and if needed, indicate additional costs (actual dollar figures and explain)

Gainful Employment

- Indicate if the certificate is a Gainful Employment program and will come under Gainful Employment Regulations.

General Education courses in proposed program including course descriptions, number of credits, lecture hours, and lab hours from the Master Course File (MCF). Include any new courses in the curriculum.

Program Specific courses in proposed program including course descriptions, number of credits, lecture hours, and lab hours from the Master Course File (MCF). Include any new courses in the curriculum.

Curriculum - Semester by semester curriculum provided along with course descriptions of any new courses to be added.

- All requirements for certificates must be satisfied. The requirements may be found at the following site: http://www.boarddocs.com/va/vccs/Board.nsf/Public# (Under Policies, Section 5 Educational Program, Section 5.1.1 Diploma and Certificate Programs in the Policy Manual).

Resources:

- Master Course File - http://courses.vccs.edu/ for course descriptions, credit hours, etc. from the VCCS Website.

- SCHEV Cover Program Proposal Cover Sheet - http://www.schev.edu/index/institutional/guidance-policies/academic-affairs-policy/approval-of-program-actions

Notes on submission of proposal to SCHEV: When the program proposal is completed and Academic Services & Research has confirmed that the program proposal is ready for submission to SCHEV two signed, hard copies of the final version of the complete program proposal are to be mailed to the system office at the following address:

Appendix D: Letters of Support from Employers
Appendix E: Blank Student Demand Survey (if selected as student demand data set)
Appendix F: Letters/Emails of Support from Students (if selected as student demand data sets)

This document is located on the VCCS website: ASR Course and Program Development and S:\Forms C&I\curriculum\Checklist Certificates Proposal Guidelines.pdf
EXISTING CERTIFICATES/DIPLOMAS IN THE VCCS (Non-Degree Programs)

When the need for a new non-degree program arises, the faculty should begin by discussing the composition of the new program with discipline faculty and the appropriate dean. Once the faculty and dean have agreed on the need for the program, the faculty should proceed in the following manner.

1. The faculty member should check the VCCS Online All Programs and Majors (http://courses.vccs.edu/programs) to verify degree program, cluster, and VCCS code.

2. The faculty member completes the VCCS 102 form and prepares a track sheet, a program justification (including documentation of student and employer demand), and an advisory committee list.

3. The faculty member reviews the request with the appropriate dean.

4. The Advisory Committee reviews the request and recommends referral to the Vice President’s Staff. (This step applies only to career/technical education programs.)

5. The Vice President’s Staff reviews the request for compliance and administrative issues and recommends referral to the Curriculum and Instruction Committee.
   At a regular meeting of the Vice President’s Staff, the appropriate dean will present the program of study for review. Recommendations resulting from that review will be forwarded to the developer(s) by the dean.

6. The Curriculum and Instruction Committee reviews the request and recommends approval or denial by the VP for Instruction and Student Services.
   The developer(s) and dean should present the program of study to the Curriculum and Instruction Committee for review. The developer and dean will not be present during discussions of merit or cast a vote for approval or rejection of the proposed course.

   If the Curriculum and Instruction Committee recommends that a program be denied approval, the Vice President’s Office will usually return the request to the appropriate dean with an explanation of reasons for the Committee’s recommendation. The dean and faculty have the option of revising or abandoning the request. The VP for Instruction and Student Services acts upon the Committee's recommendation and has college-level authority for the approval or denial of new program requests.

7. Upon the Vice President’s approval, the Curriculum Committee of the College Board reviews the request and recommends action by the College Board. The vice president and appropriate dean should present the program for review by the Curriculum and Program Committee.

8. The College Board approves or denies the request based on the recommendation of the Curriculum Committee.

9. Upon Board approval, the Vice President’s Office submits the proposed program for review and approval by the VCCS Academic Services and Research (AS&R) Staff.

10. The AS&R Staff notifies the Chancellor and State Board for Community Colleges.

11. The AS&R Staff notifies the Vice President of their decision.

12. The Vice President’s Office notifies the appropriate dean and the Admissions and Records Office.

13. The Vice President’s office publishes approved certificates and diplomas in the Catalog.

DEADLINES:
Non-degree (certificate/diploma) program proposals should reach step 7 (above) at least two semesters prior to desired implementation.

NOTE:
Refer to Table 5-3 for Program Review and Approval Process on page 11.

NEW MAJORS

When the need for a new major arises, the faculty should begin by discussing the composition of the new major with discipline faculty and the appropriate dean prior to initiating the following process.

1. **The faculty member should check the VCCS Online All Programs and Majors** (http://courses.vccs.edu/programs) to determine the appropriate degree program, cluster, and VCCS code. The faculty member completes the VCCS Form 102 and prepares a track sheet, course plan, program justification (including documentation of employer and student demand), and an advisory committee list.

2. The faculty member reviews the request for a new major with the appropriate dean and completes a Program Audit Worksheet.

3. The **Advisory Committee reviews the request and recommends referral to the Vice President’s Staff.** (This step applies to career/technical education majors only.)

4. The **Vice President’s Staff reviews the request for compliance and administrative issues and recommends referral to the Curriculum and Instruction Committee.**
   At a regular meeting of the Vice President’s Staff, the appropriate dean will present the program of study for review. Recommendations resulting from that review will be forwarded to the developer(s) by the dean.

5. **The Curriculum and Instruction Committee reviews the request and recommends approval or denial by the VP for Instruction and Student Services.**
   The developer(s) and dean should present the program of study to the Curriculum and Instruction Committee for review. The developer and dean will not be present during discussions of merit or cast a vote for approval or rejection of the proposed course.
   
   If the Curriculum and Instruction Committee recommends that a program be denied approval, the Vice President’s Office will usually return the request to the appropriate dean with an explanation of reasons for the Committee’s recommendation. The dean and faculty have the option of revising or abandoning the request. The VP for Instruction and Student Services acts upon the Committee’s recommendation and has college-level authority for the approval or denial of new program requests.

6. **Upon Vice President’s approval, the Curriculum Committee of the College Board reviews the request and recommends Board action.** The Vice President and the appropriate dean should present the program of study for review by the Curriculum Committee.

7. **The College Board approves or denies the request based on the Curriculum Committee’s recommendation.**

8. **Upon Board approval, the Vice President’s Office submits the proposed major for review by the VCCS Academic Services and Research (AS&R) Staff.**

9. **The State Board for Community Colleges approves or denies the request for a new major.**

10. **AS&R Staff notifies the Vice President of action taken by the State Board.**

11. **The Vice President’s Office notifies the appropriate dean and the Admissions and Records Office.**

12. **The Vice President’s Office publishes approved majors in the Catalog.**

**DEADLINES:**
New majors should reach step 7 (above) at **least one year prior** to desired implementation.

**NOTE:**
Refer to **Table 5-3 for Program Review and Approval Process** on page 11.

NEW DEGREE PROGRAMS

When the need for a new degree program arises, the faculty should begin by discussing the composition of the new degree program with discipline faculty and the appropriate dean. Once the faculty and dean have agreed on the need for the program, the faculty should proceed in the following manner. The Degree Program Proposal Guidelines and Checklist is provided on page 74.

1. The faculty member completes the VCCS Form 102 and SCHEV Program Proposal forms located on the shared drive. In addition to the forms, a program proposal must be prepared, including a track sheet, advisory committee list, and a narrative.

2. The faculty member reviews the request with the appropriate dean and completes a Program Audit Worksheet.

3. The Advisory Committee reviews the request and recommends referral to the Vice President’s Staff.

4. The Vice President’s Staff reviews the request for compliance and administrative issues and recommends referral to the Curriculum and Instruction Committee. At a regular meeting of the Vice President’s Staff, the appropriate dean will present the program of study for review. Recommendations resulting from that review will be forwarded to the developer(s) by the dean.

5. The Vice President for Instruction and Student Services should notify the Vice Chancellor for Academic Services and Research that a new degree program proposal is underway at the college. This courtesy enables the AS&R staff to better anticipate upcoming submissions and provide the college a timelier turnaround.

6. The Curriculum and Instruction Committee reviews the request and recommends approval or denial by the Vice President for Instruction and Student Services. The developer(s) and appropriate dean should present the program of study to the Curriculum and Instruction Committee for review. The developer and dean will not be present during discussions of merit or cast a vote for approval or rejection of the proposed course.

   If the Curriculum and Instruction Committee recommends that a program be denied approval, the Vice President’s Office will usually return the request to the appropriate dean with an explanation of reasons for the Committee’s recommendation. The appropriate dean and faculty have the option of revising or abandoning the request. The Vice President for ISS acts upon the Committee’s recommendation and has college-level authority for the approval or denial of new program requests.

7. Upon the Vice President’s approval, the Curriculum Committee of the College Board reviews the requests and recommends Board action. The Vice President and appropriate dean should present the program of study for review by the Curriculum Committee.

8. The College Board approves or denies the request based on the recommendation of the Curriculum Committee.

9. Upon Board approval, the Vice President’s Office submits the proposed program for review by the VCCS Academic Services and Research (AS&R) Staff. [NOTE: AS&R staff will read a “draft” if the college would like some input before submitting the formal proposal. This process generally helps to speed the proposal through SCHEV.]

10. The Chancellor and the State Board for Community Colleges approve or deny the request.

11. AS&R Staff notifies the Vice President of action taken by Chancellor and State Board.

12. If approved by the Chancellor and State Board, AS&R Staff submits the proposed program to SCHEV.
13. **The State Council of Higher Education in Virginia (SCHEV) approves or denies the request.**

14. **AS&R Staff notifies the Vice President of action taken by SCHEV.**

15. **The Vice President’s Office notifies the appropriate dean and the Admissions and Records Office.**

16. **The Vice President’s Office publishes approved degree programs in the Catalog.**

**NOTES**

A. The VCCS 102 form should include appropriate program justification, curricular outline, and advisory committee list.

B. If a program is approved more than one year prior to its implementation, a SCHEV Statement of Readiness must be completed by April 1 prior to the implementation date.

C. Refer to Table 5-3 for Program Review and Approval Process on page 11.

**DEADLINES**

New degree programs should reach step 7 (above) **not later than 9 months prior** to desired implementation.

VCCS submits proposal to State Council for Higher Education for VA (SCHEV) for action

Approved

Vice President’s Office notified of SCHEV’s action
Program proposal may be submitted to the System Office after the following approvals have been met:

- Curriculum Advisory Committee – Review/Recommend
- College Curriculum Committee – Review/Recommend
- College Administration – Approved
- College Board (local) – Approved

Instructions:

1. When the program proposal is being submitted to the system office for VCCS staff review please submit the proposal electronically to M. Heather Fitzgerald, VCCS Coordinator of Academic Programs (mfitzgerald@vccs.edu). Check Sheet as one file. Proposal as second file in Microsoft Word or High Resolution PDF.

2. VCCS staff will provide written feedback as recommendations or revisions. Staff will also indicate after review when the program proposal is ready for submission to the State Board and SCHEV.

3. When the proposal is being submitted to VCCS staff it is required that the Chief Academic Officer confirm that the program proposal features all of the required components. If the proposal is submitted without the required components, the proposal will be returned to the college with the missing areas flagged for further program development. No written feedback can be provided until all elements of the proposal have been completed.

4. Please print out this document and sign below and scan as a PDF and submit electronically to M. Heather Fitzgerald (mfitzgerald@vccs.edu).

Chief Academic Officer: (Print Name): ________________________________

Chief Academic Officer: (Provide signature and date): ________________________________

College: ________________________________
Institution: __________ AAA: ____ AAS: ____
Program Title: ________________________________________________________________
CIP Code: ________________________________VCCS Code: ______________________

Proposal Format
• Use Microsoft Word Times New Roman 12 or Arial Font for all text including appendix cover pages and page numbers. At minimum, foot notes should be in TNR or Arial 10 Font.
• Use one inch margins and single space between narrative text.
• Number all pages of the proposal. Numbering should begin after the Table of Contents.
• Use only SCHEV official forms – edited SCHEV forms will not be accepted. Use SCHEV category headings when provided within this document.
• Include support documentation (e.g., forms, contracts, MOU agreements, cited documents, preceptor internships/practicums sites) in labeled appendix. Non-word documents are to be scanned for inclusion in the appendix of the electronic copy, if applicable. *Fuzzy low resolution scans will not be accepted, scans must be legible.*
• The entire proposal should be combined into one electronic file. DO NOT number the VCCS 102 Form, SCHEV Cover Sheet, CAO Letter, nor Table of Contents.
• Provide a descriptive narrative that addresses all items listed below in sufficient detail to inform reviewers who may not be familiar with the discipline.

Documents and Sections - Proposals should include the following below in the order presented:

_______ Letter from the chief academic officer – signed.
The letter should contain the following information (each bullet needs to be a paragraph in the chief academic officer’s letter in the bullet order below):
• Indicate the proposal is for a new program, include the program name/title, degree designation, CIP code, initiation semester and year, administrative unit overseeing the curriculum, Local College Board approval date and State Board approval date.
• Summarize the proposed program including why the degree program is needed at this time.
• Explain how the proposed program will fit with the institution’s mission and strategic plan if applicable.
• Describe what the institution will stop doing or do differently in order to initiate the proposed program, including certificates, diplomas, or degrees proposed for closure or consolidation.
• Describe the resources needed to support the program, the institution’s commitment to the proposed program (in terms of faculty, financial, and physical resources).
• Include contact information (name, title, telephone number, and e-mail address) of person other than the institution’s chief academic officer who may be contacted regarding the program proposal.

Address the letter to:
Dr. Sharon E. Morrissey
Senior Vice Chancellor
Academic & Workforce Programs
Virginia Community College System
300 Arboretum Place, Suite 200
Richmond, VA 23236
SCHEV Program Proposal Cover Sheet completed. (For document see Buzz website: Course and Program Development)

Cover Page for the program proposal. Please include college name (e.g. BRCC), degree type (i.e. Associate of Applied Science or Associate of Applied Arts) and full title (e.g. Mechatronics)

Table of Contents

Description of Proposed Program
Please include the following subsections in the Description of Proposed Program section.

Program Background
- What is the background of the proposed program? Provide a brief history of how the program was developed. Include the institution’s name, administrative unit overseeing the program, and initiation date (semester/year) of the program. Is the degree program in an emerging or cutting edge area?

Program Purpose
- What is the purpose of the proposed program (i.e. catalog purpose)? The focus/intent of the program should be provided.

Relation to Mission and Strategic Plan
- What is the relationship of the proposed program to the institution’s mission? How does the program align with the institution’s mission? Is the program a result of the institution’s strategic plan? If so, please explain.

Distance Learning (if applicable)
- Distance Learning - If all or part of the curriculum will utilize any variation of online (i.e., distance, hybrid), what resources will be needed to offer courses? A complete description of the plan, courses, and resources available should be discussed.

Program Accreditation (if applicable)
- If college is seeking a program-specific accreditation, which accrediting organization will be used (e.g. Accreditation Council for Occupational Therapy Education)? Please indicate (month/semester year) when accreditation will be sought? Please do not reference SACSCOC since this information is not needed in the program proposal.

Admission Criteria (if applicable)
- Please note that if the program does not have specific admissions criteria beyond the general requirements for admission to the college, this section may be skipped. However, if the program is select admissions (e.g. nursing), the following question needs to be answered: What are the admission criteria for the proposed program?

Curriculum & Number of Credits in the Program
- How many credit hours are required for the proposed degree?
- Strong educational justification must be provided for requiring more than 60 credits for an A.A.A. and A.A.S. degrees; Engineering and allied health programs (other than nursing) may contain up to 72 credit hours. Institutions should include the curriculum detailing the required number of credit hours in core/foundation courses.
- Reference in the Curriculum & Number of Credits in the Program section the following Appendices:
  o Semester by Semester Curriculum
  o Program-Specific courses (as opposed to general education courses) in proposed program including course descriptions, number of credits, lecture hours, and lab hours from the Master Course File (MCF). Include any new courses in the curriculum that do not appear in the Master Course File.
Faculty Resources
- How many faculty will be needed to deliver instruction? How will the existing faculty be utilized? How will adjunct faculty be utilized? Will new faculty be hired? What credentials will be sought or required?

Program-Specific Outcomes
- What learning outcomes (knowledge and skills) are graduates expected to demonstrate? Please use the following language in the program proposal as the format to respond to this question: Graduates of the ____ degree program will be expected to demonstrate the following program-specific learning outcomes.
- Provide bulleted list of the program-specific student learning outcomes.

Employment Skills/Workplace Competencies
- What employment skills/workplace competencies will graduates possess? In other words, what will graduates be able to do in the workplace?

Assessment
- With the assistance of the institution’s director of assessment or the assessment office, complete the following items (for program-specific outcomes):
  - When and how does the institution plan to assess student learning?
  - How does the assessment plan fit into the institution’s overall program review?

Relationship to Existing Programs at the College
- Is the proposed program an expansion of an existing certificate or career studies certificate? If so, please explain.
- Is the proposed program similar or related to existing degree programs offered by the institution? If so, explain the similarities and differences between existing degree programs and the curriculum of the proposed program. Include the name/title, degree designation of the existing degree programs.
- Will approval of the program result in closure of any programs? If so, please indicate which programs will be closed (this information should align with the information provided in bullet 4/paragraph 4 of the Chief Academic Officer’s letter).

Collaboration (if applicable)
- If this is a collaborative program with another institution of higher education (public or private) or with business and industry, what is the extent of the collaboration? Describe resources available from each partner and how those resources will be allocated to support the program. Also describe how the program will be administered and which institution(s) will award the degree. Please have the partnering institution provide a letter of support and explanation. If the partnership is with an institution of higher learning, please have the chief academic officer complete the letter. The letter should be included in the Appendix.

Need for the Proposed Program
Please include the following subsections in the Need for the Proposed Program section.

Justification
- What is occurring in the field that warrants the program and evidence that the Commonwealth needs this program?
  - How was future need determined?
  - Provide complete citation for all referenced information.
  - Include in-text citations for all quoted information.

Employment Demand
- Provide evidence of employment demand. Including current and future need for graduates of the program. Evidence of demand must include the following three bullets:
  - Labor market information: Complete SCHEV’s Labor Market Information (LMI) Tables for the U.S. Department of Labor’s Bureau of Labor Statistics (BLS) and the Virginia
Employment Commission (VEC). (For document see Buzz website: Course and Program Development). Data for BLS must feature most recent 10-year projections. Data for VEC must feature most recent annual projection. If the projections do not adequately demonstrate employer demand, strong alternative evidence needs to be provided to counter-balance LMI data (for more information see bullet below for Employment projections/analyses from credible sources). Provide full citations for LMI sources as footnotes.

- List of Advisory Committee members and a description of their involvement in developing the program (attach minutes in Appendix).

- A minimum of 10 job announcements (full text) from journals or other sources of information (e.g. online) (attach job announcements in Appendix). The job announcements must feature the position title, job duties, responsibilities, location of job, date of announcement, and source of the announcement, and qualifications. The qualifications for each job announcement must feature degree as required or preferred. Job Announcements must reflect information obtained within 12 months of submitting the proposal to SCHEV.

- Letters of support (optional) from prospective employers (attach letters in the Appendix):
  - Each letter of support must show how the business will benefit, what the author’s connection is to the business, and the number of future job openings and/or potential employment opportunity that business could fill with program graduates.
  - Do not use form letters of support that differ only in the signature. Do EMPLOYER support letters should be referenced in the narrative.
  - Employment support letters must reflect information obtained within 12 months of submitting the proposal to SCHEV.

- Employment projections/analyses from credible sources (optional). Information should show data that has been collected within 12 months of submitting the proposal to SCHEV. Provide full citation as a footnote.

---

**Student Demand** - Evidence of student demand to support projected enrollments. Evidence of demand should include at least one of the following requirements:

- A descriptive narrative/full report of student survey results. Provide a copy of the blank survey in the Appendix. Surveys must reflect information obtained within 12 months of submitting the proposal to SCHEV.
- Letters and/or emails of support from prospective students (a minimum of 15 letters/emails) that include a statement of need for program and indicate possible enrollment in the program in the Appendix. Letters and/or emails must reflect information obtained within 12 months of submitting the proposal to SCHEV.
- A descriptive narrative of enrollment data from existing program(s) (e.g. career studies certificate). Information should reflect enrollment over time and within at least three years of submitting the proposal to SCHEV.

---

**SCHEV Projected Enrollment Table completed for years 1 through 4** (For document see Buzz website: Course and Program Development). Please note that the figures used here should match the figures used on the VCCS Form 102.

- Please include the estimated headcount (HDCT), full-time equivalent (FTE) students, and graduates (GRAD). The estimated FTE and graduates for Year 4 must meet SCHEV’s minimum standards for program viability. (For VCCS Program Viability Table see Buzz website: Course and Program Development). Please provide in bulleted format below the table how the projections were derived in terms of data support. Please review additional SCHEV guidance located on page 8 of this document.
Projected Resource Needs

The purpose of this section is to identify: (1) expected resource needs for the degree program initiation and for operation through the full (target) enrollment year; (2) the sources of funding for degree program and (3) whether any additional state funding needs are anticipated.

___ Narrative for Projected Resource Needs - Provide a description of resources (currently available and anticipated) to initiate and operate the program and the sources of funds to provide them, including but not limited to appropriations or special funds to be requested from the state. The narrative description should address the topic categories below, if and as relevant. Please provide in narrative form as opposed to dividing the section into separate subheadings (e.g. Library):

- full-time faculty and part-time/adjunct faculty
- classified positions
- targeted financial aid
- equipment (including computers)
- library
- telecommunications
- physical space
- E & G fees
- Other funding sources (specify); this information needs to align with the figures provided in Other Funding Sources Dedicated to the Proposed Program featured in the Cost and Funding Sources to Initiate and Operate the Program Table (see below)

___ SCHEV Cost and Funding Sources to Initiate and Operate the Program – Provide the Projected Enrollment (Headcount), Projected Enrollment (FTE), Estimated Tuition and E&G Fees for Students in the Proposed Program, Projected Revenue from Tuition and E&G Fees Due to the Proposed Program, and Other Funding Sources Dedicated to the Proposed Program (e.g. grant, business, entity, private sources). The Projected Enrollment (Headcount) and Projected Enrollment (FTE) for the Program Initiation Year need to be consistent with Headcount and FTE in SCHEV’s Projected Enrollments Table for Year 1. Likewise, the Projected Enrollment (Headcount) and the Projected Enrollment (FTE) for the Program Full Enrollment Year need to be consistent with the Headcount and FTE used in SCHEV’s Projected Enrollments Table for Year 2. The figures provided in the table will be compared by SCHEV using the current base adequacy model; this comparison will serve as a reference for the estimated costs. (For document see Buzz website: Course and Program Development).

___ Complete Certification Statements (For document see Buzz website: Course and Program Development). Please be sure that the document is signed by the Chief Academic Officer.

___ VCCS Form 102, Request for New Curriculum – signed. (For document see Buzz website: Course and Program Development).

The document must be completed and signed by Vice President, President, and Chair of Local Board. Include in the Appendix.

___ Appendix – All forms reference in the proposal must be included in the Appendix and pages numbered.

Resources:

- Master Course File - http://courses.vccs.edu/ for course descriptions, credit hours, etc. from the VCCS Website.

- SCHEV Documents - Buzz Website: https://buzz2.vccs.edu/teams/CourseProgramDevelopment/SitePages/Home.aspx
Notes on submission of proposal to SCHEV: When the program proposal is completed, Academic & Workforce Programs will confirm that the program proposal is ready for submission to SCHEV. The submission includes two single-sided, signed, hard copies of the final version of the complete program proposal, which needs to be mailed to the system office at the following address:

M. Heather Fitzgerald, VCCS Coordinator of Academic Programs
Virginia Community College System
300 Arboretum Place, Suite 200
Richmond, Virginia 23236

Consider the following when preparing the submission per SCHEV guidelines.

• Print documents from the Word document format – do not print documents from the PDF.
• Print one-sided.
• Use a clip or rubber band—please do not bind materials.
• For final submission, send two hard copies of the documentation.

SCHEV Guidance on completing Summary of Projected Enrollments in Proposed Program table:

Please complete the table with the assistance of the college’s Institutional Research office. The estimated headcount, full-time equivalent (FTE), and graduates need to be provided in the table. See SCHEV’s definitions for HDCT, FTES, and GRADS below. The sources for the projections need to be provided in the program proposal.

Instructions:

• Enter the appropriate dates at the top of each column for years 1-4.
• Provide fall headcount enrollment (HDCT) and annual full-time equivalent student (FTE) enrollment. Round the FTE to the nearest whole number.
• Assumptions: Provide data for 1. Retention (%); 2. Full-time students (%); 3. Part-time students (%); 4. Expected time to graduation (in years) for full-time and part-time students; and 5. Number of credit hours per semester for full-time and part-time students.

Note: “Target Year” refers to the year the institution anticipates the program will have achieved full enrollment. Programs that do not anticipate meeting SCHEV productivity standards should not be proposed (see Buzz Website, Course and Program Development for VCCS Program Viability Table). Projected enrollment should represent actual plans for student enrollment in the program. Please note that Year 4 Target Year must meet program viability standards for FTES and GRADS featured in the VCCS Program Viability Table.

Definitions:
HDCT—fall headcount enrollment
FTES—annual full-time equated student enrollment
GRADS—annual number of graduates of the proposed program
SAMPLE of a Typical Program Proposal Table of Contents

Recommended Table of Contents for Program Proposals for New Degrees
Note: Chief Academic Officer’s letter is first page of the proposal followed by SCHEV Program Proposal Cover Sheet and Table of Contents as outlined below.

Part I: Description of the Proposed Program
   Program Background
   Program Purpose
   Relation to Mission and Strategic Plan
   Distance Learning
   Program Accreditation
   Admission Criteria
   Curriculum and Number of Credit Hours
   Faculty Resources
   Program-Specific Learning Outcomes
   Employment Skills/Workplace Competencies
   Assessment
   Relationship to Existing Programs at the College
   Collaboration

Part II: Need for the Proposed Program
   Justification for the Program
   Employment Demand
   Student Demand

Part III. SCHEV Student Projected Enrollments in Proposed Program

Part IV: Projected Resource Needs
   Cost and Funding Sources to Initiate and Operate the Degree Program

Part V: Certification Statements

Appendices
   Appendix A: VCCS 102 Form, Request for New Curriculum
   Appendix B: Courses Required for the Proposed Program
Appendix C: Semester by Semester Curriculum (Catalog Layout)
Appendix D: Letters of Support from Employers
Appendix E: List of Advisory Committee members and minutes
Appendix F: Job Announcements
Appendix G: Blank Student Demand Survey
Appendix H: Letters/Emails of Support from Students

This document is located on the S:\Forms C&I\curriculum\SCHEV Program Proposal Cover Sheet.docx
I. Council’s Statutory Duties Related to Academic Programs at Public Institutions

The Code of Virginia, Section 23.1-203, charges the State Council of Higher Education for Virginia (SCHEV) with various responsibilities and duties. Those most directly related to academic programs at public institutions are listed below.

- “Review and approve or disapprove all new undergraduate or graduate academic programs that any public institution of higher education proposes.” (§ 23.1-203(5))
- To consider programs while developing a statewide strategic plan that “identifies a coordinated approach to … state and regional goals, and emphasizes the future needs for higher education in the Commonwealth at both the undergraduate and the graduate levels.” (§ 23.1-203(1))
- “Study any proposed escalation of any public institution to a degree granting level higher than that level to which it is presently restricted and to submit a report and recommendation to the Governor and the General Assembly relating to the proposal. The study shall include the need for and benefits or detriments to be derived from the escalation. No such institution shall implement any such proposed escalation until the Council's report and recommendation have been submitted to the General Assembly and the General Assembly approves the institution's proposal.” (§ 23.1-203(1))
- “Review the proposed closure of any academic program in a high demand or critical shortage area, as defined by the Council, by any public institution of higher education and assist in the development of an orderly closure plan, when needed.” (§ 23.1-203(8))
- “Adopt such policies and regulations as the Council deems necessary to implement its duties established by state law. Each public institution of higher education shall comply with such policies and regulations.” (§ 23.1-203(15))
- “Insofar as practicable, preserve the individuality, traditions, and sense of responsibility of each public institution of higher education in carrying out its duties.” And, “insofar as practicable, seek the assistance and advice of each public institution of higher education in fulfilling its duties and responsibilities.” (§ 23.1-203(27-28))

The Council has established the following policies and procedures related to academic programs at public institutions in answer to the duties referenced above, and as part of its obligation “to advocate for and promote the development and operation of an educationally and economically sound, vigorous, progressive, and coordinated system of higher education in the Commonwealth of Virginia…” (Code of Virginia, § 23.1-203)
II. Policy Statements on Academic Programs at Public Institutions

A. Introduction
It is the intent of this policy to support fulfillment of Council’s statutory duties by providing transparent guidance and establishing a context within which SCHEV and public institutions may work collaboratively to advance higher education and ensure quality academic programming in the Commonwealth. This policy seeks to fulfill Council’s statutory responsibilities and duties without burdening public institutions with overly complex procedures. The policies and guidelines expressed here will help ensure that Virginia’s public institutions continue to use resources efficiently, offer programming to address state needs, avoid unnecessary duplication, and contribute to the achievement of Council’s strategic plan aspirations.

B. Degree Program Common Core Requirements
Curriculum leading to the award of an associate’s, bachelor’s, master’s, professional, or doctoral degree; is identified by a separate CIP code in the SCHEV program inventory; and, is listed on the student diploma. All curricula under the CIP code share a common core of courses. Various groupings of fewer courses may be used to define a variety of related support areas that do not appear on the diploma. Support areas are designated as: concentration, emphasis, focus, major, option, or track. Support areas developed after a degree program has been approved by Council must maintain the focus of the degree program and the common core requirement of the degree program. Council approval is not required to add new support areas to an existing degree program.

1Common core requirements:
Bachelor’s degree  25% of total credit hours required for the degree, excluding general education core
Master’s degree  50% * of total credit hours required for the degree
Doctor’s degree  25% of total credit hours required for the degree

* Consideration will be given to degree programs that adequately justify a core curriculum with less than 50%.

C. Operational Definitions of Key Terms
Certificate of Advanced Graduate Studies (C.A.G.S.) or Educational Specialist Degree (Ed.S.): curriculum leading to a formal award certifying completion of one year of study beyond the master’s level in an academic or occupationally specific field of study. These programs are usually intended for professional licensure or professional development. Council approval is required to award the C.A.G.S. and the Ed.S.

Certificate program: curriculum leading to a formal award certifying completion of baccalaureate or post-baccalaureate degree-level work in an academic or occupationally specific field of study. Council approval is not required to award a certificate.
CIP code change: change made in an existing six-digit CIP code designation (as reflected in SCHEV’s program inventory), provided no significant changes have been made to program requirements, content, or emphasis, and provided that the new CIP code replaces the current code to respond to changes in the field or to better reflect the intent of the program. SCHEV staff approval is required for a CIP code change.

Degree designation change: addition or change made in an existing degree designation (as reflected in SCHEV’s program inventory), provided no significant changes have been made to program requirements, content, or emphasis. For example, adding a B.A. degree designation to an existing B.S. degree or changing from a B.A. degree to the B.S. or from the M.A. in Fine Arts to the M.F.A. SCHEV staff approval is required for a change in degree designation. For an institution seeking to remove a degree designation, see Program Discontinuance, below.

First-professional degree: curriculum that includes theory and practice of the basic body of knowledge and skills required to function as an entry-level professional in certain occupational fields recognized for reporting purposes by the U.S. Department of Education. These programs must meet the following criteria: (1) completion of the academic prerequisites to begin practice in the profession; (2) requires at least two years of college-level study prior to entering the program; (3) total registered time to degree, including both pre-professional and professional study, equals at least six academic years. First professional degrees, while sometimes called doctoral degrees, are distinguished from research doctorates in that they do not include a required component of original research. First professional degrees may be awarded in the following fields:

- Chiropractic (D.C., D.C.M.)
- Dentistry (D.D.S., D.M.D.)
- Divinity/Ministry (M.Div.)
- Law (L.L.B., J.D.)
- Medicine (M.D.)
- Rabbinical and Talmudic Studies (M.H.L., Rav)
- Optometry (O.D.)
- Osteopathic Medicine (D.O.)
- Pharmacy (Pharm.D.)
- Podiatry (Pod.D., D.P., D.P.M.)
- Veterinary Medicine (D.V.M.)

Modified program: a simple or substantial change to the curriculum of an existing degree program in the SCHEV Degree Inventory. Modified programs must meet the minimum requirements for the common core (see page 2 of this document). The two types of modification are "simple" and "substantial" and require different documentation. Simple modifications to a degree program are reported to SCHEV. SCHEV staff approval is required for a "substantial" modification to a degree program. No change in the degree designation or CIP code is permitted for a modified degree program.

New program: curriculum leading to the award of a new degree that includes content in a discipline or field not currently offered by the institution; shares fewer than one-fourth of its courses (excluding general education core) with an existing program; and, requires a separate CIP code. Additional faculty, facilities, or funding may be required to initiate and operate the new program. Council approval is required to confer the new degree.
Program discontinuance: action taken to close a program by indicating in SCHEV’s program inventory the dates for which no new enrollments and no new graduates will be reported. Notification to SCHEV is required; notification prior to program closure is suggested. The intent to close a program in a Critical Shortage area requires additional information. Institutions must seek Council approval for a new degree program if reactivation of a discontinued program is desired.

Action taken to remove a degree designation from a program (e.g., remove a M.A. from an existing M.A./M.S. degree program) by indicating in SCHEV’s program inventory the dates for which no new enrollments and no new graduates must be reported. The intent to close a degree designation of a program in a Critical Shortage area requires additional information. SCHEV staff approval is required to remove a degree designation from a program.

Program merger:
1. Merger of two or more programs into an existing program in the SCHEV program inventory. Merged programs must meet the minimum requirements for the common core (see page 2 of this document). Research-based graduate degrees (thesis and dissertation option) are different in kind from course work-based undergraduate and graduate degrees in that didactic work is chosen to provide specific background for the proposed research. For research-based graduate programs, the merged programs must share a recognized academic relationship and must have the same minimum requirements for credit hours in terms of didactic and thesis/dissertation work. SCHEV staff approval is required for this type of program merger.

2. Consolidation of two or more programs into a new degree program with a new CIP code and degree title. Existing programs and the consolidated new program must meet the minimum requirements for the common core (see page 2 of this document). For research-based graduate programs, see requirements above. SCHEV staff approval is required for this type of program merger.

Program name/title change: change made in an existing program title (as reflected in SCHEV’s program inventory), provided no significant changes have been made to program requirements, content, or emphasis, and provided that the new program title replaces the current program title (e.g. from the M.F.A. in Arts to the M.F.A. in Visual and Performing Arts). SCHEV staff approval is required for a program name change.

Spin-off program: curriculum that expands an existing degree program into a stand-alone degree at the same degree level and does not change its essential character, integrity, or objectives and shares at least the first two digits of the existing program’s CIP Code; shares at least three-quarters of courses with the existing degree program; requires minimal or no additional faculty; and, is funded through internal reallocations or private funds and does not require additional state funding. SCHEV reserves the right to determine whether a proposal is considered a new program or a spin-off program, and SCHEV staff approval is required to confer a spin-off degree.
D. “New” and “Spin-Off” Academic Degree Programs

1. Background
   By Council action in March 2002, distinctions were established between “new degree programs” and “spin-off degree programs” within SCHEV’s approval process. The purpose of this action was to clarify and streamline program-approval procedures. As a result of this action, while the Council will continue to formally approve all new programs, SCHEV staff have been delegated the responsibility for approval of spin-off programs that meet the criteria specified in these policies and procedures. New and spin-off degree programs must be proposed to SCHEV using the guidelines, instructions, and forms contained herein.

By Council action in March 2011, all degree program proposals not recommended for approval by SCHEV staff shall be reported to Council's Academic Affairs Committee. The Academic Affairs Committee may elect to consider any proposal not recommended for approval and shall provide guidance to staff as to the final disposition of the proposal.

2. New Academic Programs
   A public institution’s Board of Visitors or the State Board for Community Colleges must approve each proposal for a new academic program prior to its submission to the Council. Board approval is the culminating step in a series of reviews by curriculum committees at the department, college, and university levels, as well as by each chief academic officer. For this reason, Council defers to the respective boards’ authority for determining the appropriateness of proposed curricula, course descriptions, faculty credentials, and library resources, as well as student admission, continuation, and exit requirements. Meanwhile, the Council’s consideration of proposals will center on system-wide aspects of each new program.

   The Council is particularly interested in questions related to issues of “need” for new academic programs. These questions center around the state’s need for the proposed program as well as the institution’s need for it.

   • Why does Virginia need this program at this time?
     State Needs. Will the proposed program be an optimal use of state resources in light of state budget considerations and the contributions of any existing programs? What are the needs (justifications) for the state to initiate a new curriculum at this time?

     Employer Needs. Will the program fill demonstrable employer needs in the state? If so, what Virginia and/or non-Virginia market data indicate current unmet employer demand for graduates of such programs and the designated degree level? If not, will the program fill demonstrable non-employment needs in the state?

     Student Needs. Will the program fill demonstrable student needs in the state? If so, what Virginia and/or non-Virginia market data indicate current unmet student demand for such curricula? If not, why does the institution anticipate student demand for the program?
**Duplication.** Will the program duplicate similar offerings in Virginia? If so, what are the needs (justifications) for the state to duplicate these efforts? How many similar programs are offered in the state; where? What is the enrollment strength and graduation rates of these similar programs?

- **Why does the institution need this program at this time?**
  - **Institutional Needs.** Will the program fill demonstrable institutional needs? (Does the institution need the program to fulfill its approved mission?) If so, how and how well will the program fit with the institution’s SCHEV-approved mission statement? If not, what are the institutional needs (justifications) for the proposal at this time?
  - **Resource Needs.** Will the program affect the institution’s budget? If so, how and how significantly? (Will changes be required in faculty, staff, facilities, etc.? Will the program be the optimal use of institutional resources in light of state budget considerations, as well as the contributions of any existing programs and the benefits of collaborative efforts?) If not, how will resources be internally reallocated to fund the program?

3. **Spin-Off Academic Programs**

Some proposals submitted to the Council seek approval for programs that are extensions or outgrowths of existing curricula (minors, majors, tracks, options, or concentrations). Such “spin-off” programs use predominantly existing courses, existing faculty, and reallocated institutional resources. The Council has delegated the authority for approval of such proposals to SCHEV staff. This spin-off designation and its associated procedures are expected to expedite approvals of such programs while also supporting institutional flexibility, responsiveness to the needs of business and industry, and entrepreneurial initiatives. Both new and spin-off programs must be proposed to SCHEV using the guidelines, instructions, and forms contained herein.

**E. Modified Degree Programs**

Some proposals submitted to the Council seek approval for programs that have modified degree requirements from the original degree program approved by SCHEV. Modified curriculum requirements may seek to address evolution in the discipline/field, respond to the needs of business and industry, or address changes mandated by discipline specific accrediting agencies. Criteria for considering a change to constitute a “modification” to a degree program as approved by Council include:

1. Changes in the degree program delivery format from what was in the originally proposal approved by SCHEV.
2. Changes to licensure qualifying status of a course of study.
3. Significant changes to the core curriculum, purpose, focus, or identity of the program.
4. Total credit hour changes to a degree program.
Modifications of degree programs are classified as simple or substantial. Simple modifications are revisions that are within the original justification for Council's approval, and which are reported to SCHEV. Substantial modifications involve revisions that are beyond the scope of the original justification(s) for Council's approval, and which require approval by SCHEV.

Simple modifications to a degree program include:
1) Adding an on-line delivery format to an existing site-based program or adding a site-based program to an existing on-line program while maintaining the delivery format of the program as approved by Council.
2) Increasing or decreasing the total credit hours of a degree program by fewer than six credits.

Substantial modifications to a degree program include:
1) Changing or altering the program requirements in a way that results in a significant change to the core curriculum, purpose, focus, or identity of the program as approved by the Council or alters the requirements for the common core as determined by Council (see page 2 of this document).
2) Converting a degree program to a new delivery format while ceasing to offer the program in the format in which it was approved by Council.
3) Increasing or decreasing the total credit hours by six (6) to twelve (12) credits.
4) Licensure option is added to or removed from a degree program as approved by Council.

Bachelor and Associate level degree programs must demonstrate strong evidence to increase or decrease the total credit hours. Council approval may be required for substantial modifications. Increasing or decreasing the total credit hours of a degree program by more than twelve (12) credits is a new degree program and should be submitted using the procedures for a new degree program. Council approval is required.

The Council has delegated the authority for approval of program modification proposals to SCHEV staff. Final authority for degree program modifications remains with the Council. Requests for such changes necessitate the submission of information and forms using the guidelines, instructions, and forms contained herein. Institutions considering a modification to a program that fits one of the above criteria should consult SCHEV staff for guidance.

F. Technical Changes, Program Mergers, and Intent to Discontinue Programs

Institutions may propose program actions such as technical changes (CIP code, degree designation, name/title) to existing programs and program mergers. Requests for such changes necessitate the submission of information and forms using the guidelines, instructions, and forms contained herein. Council has delegated approval authority for such changes including degree designation closures to SCHEV staff. Final authority for all program actions remains with the Council.

Institutions may close programs or propose to close degree designations. Notifications or requests are submitted to SCHEV using the guidelines, instructions, and forms contained herein. BOV approval is required to close a degree program.
**PROGRAM DISCONTINUANCE**

When it becomes necessary or desirable to discontinue a program, the appropriate dean—in concurrence with the program faculty—should discuss the proposed action with the vice president. Once the program faculty, dean, and vice president have agreed on a course of action, the dean should proceed in the following manner.

1. **The faculty member completes the appropriate form needed (see table below).**

2. **The faculty member reviews the request with the appropriate dean.**

3. **The Vice President’s Staff reviews the request for compliance and administrative issue and recommends referral to the Curriculum and Instruction Committee.**
   At a regular meeting of the Vice President’s Staff, the appropriate dean will make a full report of the nature and justification for the request.

4. **The Curriculum and Instruction Committee reviews the request and recommends action by the Vice President for Instruction and Student Services.**

5. **Upon the Vice President’s approval, the Vice President’s Office submits the discontinuance notice to VCCS Academic Services and Research (AS&R) staff.**

6. **AS&R staff reports intent to discontinue a program to the Chancellor and State Board.**

7. **AS&R Staff reports intent to discontinue a program to SCHEV (for majors and degree programs only).**

8. **The Vice President’s Office removes all references to the program from the Catalog.**

**NOTE:**

A. The VCCS will allow time for the college to "teach out” students enrolled in a program that is being discontinued. Normally, three years is allowed for students to complete a discontinued program.

VCCS Policy Manual- Section 5
DISCONTINUANCE OF AN ACADEMIC PROGRAM

Academic Services & Research

The discontinuance process is highlighted in the VCCS Policy Manual, 5.2, Development of Programs and Courses, Table 5-3, “Procedures for Discontinuance of Programs.”

Below is a listing of the required documentation by program type for a discontinuance request. The documentation may be sent electronically to dlewis@vccs.edu and mfitzgerald@vccs.edu. Please use the list(s) below to sort your proposal.

ASSOCIATE DEGREES, DIPLOMAS AND CERTIFICATES

_____ Cover Letter from the Chief Academic Officer addressed to Sharon Morrissey.

Note the following items must be included in the CAO letter,

- Indicate the nature of the request and include the program name/title, degree designation, and CIP code, termination date, administrative unit, and the Local and State Board approval date. **Note:** State Board Approval is required to discontinue a degree program.

- Indicate the reason for the intent to discontinue the academic program or degree designation;

- Indicate the institution’s plan to address state needs if the program is in a critical shortage area;

- Describe the institution’s commitment to the proposed change (in terms of faculty and physical resources), if applicable;

- Describe the resources needed to support the change, if applicable; and

- Include contact information (name, title, telephone number, and e-mail address) of person(s) other than the institution’s chief academic officer who may be contacted regarding the document.

- Do not add a page number to the letter.

_____ VCCS Discontinuance Form

Note the following items on the Discontinuance form are required for submission to the State Board so please keep this in mind when completing this documentation for diplomas, degree programs and majors:

- The date the program was first offered at the college.
- The college’s catalogue description.
- The program(s) student will be referred to.
SCHEV Intent to Discontinue an Academic Degree Program Cover Sheet Form

Note the SCHEV Intent to Discontinue Proposal Cover Sheet form may not be altered in any way and must be the version dated April 1, 2016. *Do not add a page number this form.*

*** The termination date for reporting degrees should not exceed seven years beyond the last date for reporting new enrollments. Be certain to provide SEMESTER and YEAR.

Table of Contents

Narrative Description to address the following,

- Indicate the name/title, degree designation, and CIP code of the program.
- Indicate the date the program would no longer be available.
- Include a background narrative to describe factors prompting the closure of the program or degree designation.
- Include a rationale providing justification for the intent to discontinue the program or degree designation. Provide support documentation, if needed.
- For degree programs or degree designations in a critical shortage area, include a detailed explanation for the intent to discontinue the program. What will the institution do to address regional and state need for graduates of such academic programs? Provide support documentation, if needed.
- Include the institution’s plans to “teach out” current students. When does the institution anticipate students graduating?

Documentation that includes the local college administration and board approval.

Labeled Appendix with any supporting documentation, if appropriate.

CAREER STUDIES CERTIFICATES

VCCS Discontinuance Form

Documentation that includes the local college administration and board approval.

REQUEST PROGRAM DISCONTINUANCE

I. PROGRAM LEVEL (Check the program level below that applies)

☐ DEGREE PROGRAM - ASSOCIATE OF ____________________________

☐ CERTIFICATE  ☐ DIPLOMA  ☐ CSC  ☐ SPECIALIZATION

II. PROGRAM CHARACTERISTICS

A. Name of College______________________________________________

B. Program Title________________________________________________

C. VCCS Program Code and CIP Code______________________________

D. Program Start Date___________________________________________

E. Catalog Description

_______________________________________________________________

_______________________________________________________________

_______________________________________________________________

_______________________________________________________________

F. Date of Approval of Request for Discontinuance by Local College
Board __________________________________________________________

G. Date of Graduation of Last Student in Program____________________

H. List the names of the program(s) students will be referred to due to
this discontinuance. ______________________________________________

_______________________________________________________________

III. REASON(S) for DISCONTINUANCE

________________________________________________________________
