REGISTER NOW at NRMRVirtualCareerFair.eventbrite.com

1 REGISTER...then View your business profile page at KnowledgeToWork.com.

Once you register to participate, we will create your profile and send you the login credentials. Your virtual booth will include a company logo, descriptions in "About," "Culture," and "Benefits," as well as display a list of job openings with a link to your online application. If you only use a paper application, let us know so that we can provide a digital version in this platform. If you'd like to make edits, let us know!

2 Select a time slot to host a Virtual Connections meeting.

After you register, we will send you a list of available time slots for your Virtual Connections for you to choose from. You'll use one of our video conferencing platforms to connect with job seekers and answer questions about topics including work environment, company culture, benefits, and your on-boarding process. We set-up the technology, then provide staff to help you navigate the process.

3 On your assigned day, sign in and host your 30 minute video conference meeting.

One of our partners will join the video conference to help manage attendees, share chat questions, and cue you when the time is up! If you meet job seekers that you'd like to interview, we will capture their contact information!
