Payment Method

The first time you make a payment in Enterprise, you will need to enter credit card or bank account information for the payment. You can choose to save that information for future use. Once you have entered/confirmed the billing information, you will click the button "Pay - \$XXX.XX Now" The amount will populate with the payment amount.

Receipt

When the payment is processed, you will be taken to the Receipt page where a confirmation of your transaction will be displayed.
